HUPX-MN-IDA-2025-0011  
HUPX-MN-IDC-2025-0015

***Of:*** 31/03/2025

***Subject:*** ***Replacement of Type A RRM agreements***

## 1 Replacement of Bilateral and Trilateral RRM Type A1 Agreements

HUPX informs the Members referring to Market Rules section 1.1.4. about the followings:

The process of replacing the previously concluded **Type A1 data reporting service agreements with HUPX or HUPX and HUDEX (“Agreements”)** by the respective **Market Rules of the companies due to the revised Regulation on Wholesale Energy Market Integrity and Transparency (“REMIT”)** has finally come to an end. The agreements are terminated with the effect of the entry into force of the respective amendment of the Market Rules **and no additional termination letter will be sent to the Members.**

In relation to HUPX, the amended HUPX Market Rules is effective from 1st January, 2025 and it has been published in HUPX-CN-2024-0009 earlier.

The record based and fixed fee elements of REMIT payable for 2025 were already published with the Market Notices Nr. HUPX-MN-DAM-2025-0011, HUPX-MN-IDA-2025-0010 and HUPX-MN-IDC-2025-0014.

Type B agreement for wholesale energy transactions executed outside of the HUPX Market and HUDEX Power Segment is still available for market participants.

## 2 Background

The revised REMIT made a significant change regarding the data reporting channels. The new REMIT rules define data reporting obligation for organised marketplaces in order to make available to ACER data relating to the orderbook including orders to trade that are entered, concluded, or executed at the organised marketplace. The former practice was that reporting was a service offered by the organised marketplaces to the market participants, where the market participant could have freely chosen the reporting service of another RRM even for its market data on HUDEX/HUPX markets, and in this case HUDEX/HUPX did not report the data.

With the entry into force of the revised REMIT HUDEX/HUPX are obliged to report its market data to ACER according to REMIT rules and thus the contractual framework has to be the same for all members. Therefore HUDEX/HUPX regulates the details in its respective Market Rules, as general terms and conditions. The individual agreements were already not applicable for HUPX markets upon the entry into force of the Market Rules modification from 01/01/2025 for HUPX. Now as the last step in the process, the related amendment in the Market Rules of HUDEX is accepted and will be applicable from 1 April 2025.
