MARKET RULES

Title 1 General Principles of Organization and Bodies

Preamble

HUPX Ltd. is a private company limited by shares, incorporated under the Hungarian Law with registered office located at 1134 Budapest, Dévai u. 26-28., Hungary and registered under the Company Registration number 01-10-045666. HUPX Ltd. is owned in 100% by MAVIR Hungarian Independent Transmission Operator Company Ltd. (MAVIR or MAVIR Ltd.).

HUPX Ltd. holds a license to operate an organized electricity market in Hungary on the base of section 89 of the Act No. LXXXVI. of year 2007 of the Hungarian Parliament on Electric Energy. The license was issued by the Hungarian Energy Office on 9th of April 2009 under the resolution number 136/2009.

HUPX Ltd. is devoted to establish and operate an organized electricity market in Hungary on the basis of the regulations of the Hungarian Electric Energy Act and the permission of the Hungarian Energy Office, by promoting state-of-art electricity trading platform and facilities, where electricity trading and other related transactions are conducted through standardized contracts. The mission of the company is to develop through a step-by-step process a full-scale energy organized market on a regional level, providing auction based, continuous and intra-day trading solutions and also OTC-clearing support for electricity trading transactions with delivery on the Hungarian Electricity System and after introduction of the market coupling procedure also with cross-border delivery.

As the first step of fulfilling its mission, HUPX Ltd. developed and started the operation of a day-ahead closed auction trading platform for the Market Area of Hungary. As the next step HUPX developed and started the operation of a trading platform of physical futures products and an OTC clearing facility, and established a market coupling of the day-ahead market of the Hungarian (HUPX), Slovakian (OKTE) and Czech (OTE) and Romanian (OPCOM) Market Areas. The implementation of the European day-ahead electricity target model will result in the further extension of the coupled market areas until achieving an Internal Energy Market. As the next step of fulfilling its mission, HUPX Ltd. developed its continuous trading based Intraday trading platform. As required by the no. 2015/1222 regulation of the European Commission on capacity allocation and congestion management (CACM), HUPX is taking part in the implementation of the single intraday coupling (SDIC). In order to comply with the European target model, HUPX joined the XBID project which will likely launch in November 2019, in relation to the Hungarian borders.

The Commercial Code defines the borders of Hungarian control and market areas involved in implicit allocation.

As of the 3rd of January 2018, the previously physical future products traded in EU member states were transformed into financial instruments, and fell under the scope of MiFID II

directive. The trading of financial instruments is executed on the newly created HUDEX Energy Exchange Ltd.

The rights, obligations and duties of HUPX Ltd., and HUPX Members, the HUPX Markets and products as well as the Market Organizational Bodies of HUPX are detailed in these Market Rules, which shall be deemed as one consolidated issue of the business code of HUPX Ltd. issued on the basis of prevailing provisions of section 72 of the Hungarian Electric Energy Act and the operational rules of HUPX issued on the basis of prevailing provisions of subsection 2 of section 55 of the Hungarian Electric Energy Act. This incorporation of the rules and regulations of HUPX, as well as its provisions has to be approved by the Hungarian Energy Office.

Chapter 1 HUPX Market Organization and its Markets

Article 1.1 *Line of Business*

HUPX is a fully electronic cleared organized market offering electricity trading on day-ahead and intraday timeframes, enabling intraday trading on OTC clearing facilities for the delivery of electricity in Hungary and the Market Areas coupled with HUPX via Market Coupling (hereinafter: Coupled Markets) and other services that shall be approved in accordance with the governance structure of HUPX.

In order to fulfill its tasks and duties pursuant to Article 6 of REMIT IR as an organized market, HUPX Ltd. is able to provide information directly to ACER as a registered reporting mechanism and offers data reporting agreement to the market participants.

Article 1.2 *HUPX Ltd*

HUPX is operated by HUPX Ltd. therefore it is HUPX Ltd. that enters into the relevant agreements with HUPX Members for admission purposes. HUPX Ltd. shall ensure proper functioning of the trading platform of HUPX.

Article 1.3 *Organizational Bodies of HUPX Market*

HUPX has the following Market organizational bodies

- Organized-Market Committee;
- Market Surveillance Office.

The Organized-Market Committee and the Market Surveillance Office are two independent bodies that were established in order to ensure the state of art governance rules.

The Organized-Market Committee is a body elected from the representatives of the HUPX Members. It has an advisory role in the process of decision making on the Rules and Regulations and on general decisions related to the HUPX Market.

The Market Surveillance Office monitors as an independent body the operation of the HUPX market and the HUPX Members on a daily basis.

Article 1.4 *HUPX Members*

HUPX Members are admitted by HUPX Ltd. and submit orders to enter, upon execution, into contracts to sell or buy electricity.

Article 1.5 **Clearing House**

European Commodity Clearing AG (ECC) has been designated by HUPX Ltd. as the Clearing House of HUPX. As the Clearing House it acts as the central counterparty for Payment and Delivery of the contracts traded or registered at HUPX. The rules and proceedings of ECC are stated in the ECC Clearing Conditions in its current version.

The Clearing House is a credit institution that handles the clearing of Contracts traded on HUPX, in accordance with the specific procedures for each Product type. In a given Market, the Clearing House operates under the terms of an agreement signed with the Clearing Members designated by the HUPX Members.

OTC Clearing facilities are made available to HUPX Members, who are members of the Intraday market respectively, for the clearing of bilaterally executed electricity trades that conform to the contract specifications of HUPX as published from time to time by HUPX Ltd.

Article 1.6 **Rules and Regulations**

The Rules and Regulations of HUPX consist inter alia of the following parts:

- Membership Agreement,
- Market Rules (including its annexes) and
- The Market Notices and other resolutions, decisions made by HUPX Ltd. on the base of the regulations of the Market Rules, which will be accessible on the official website of HUPX.

These Rules and Regulations govern the organization of HUPX.

Article 1.7 **Operation of HUPX Market**

HUPX Ltd. is the company operating the HUPX Market. In this capacity, HUPX Ltd.:

- defines membership criteria for the HUPX market,
- signs Membership Agreements with Applicants whereby they become HUPX Members,
- defines the requirements and procedures for trading Contracts,
- provides an appropriate order matching facility for buy and sell orders for the Contracts in accordance with the Market Rules,
- establishes and publishes reference prices,
- where appropriate, transmits information about Trades to the Clearing House for clearing,
- operates the balance group of the organized market, as the balance group responsible party and (together with the Clearing House via its central counterparty) schedules towards the Hungarian Transmission System Operator the physical deliveries of contracts traded on HUPX,

- makes all decisions necessary for the integrity and orderly operation of HUPX Market, in particular by monitoring HUPX Members' compliance with the Rules and Regulations of HUPX.
- supervises the conduct and activity of HUPX Members to ensure an orderly and fair market,
- offers an OTC clearing facility,
- offers data reporting agreement to its Members as a registered reporting mechanism according to Article 6 of REMIT IR.

Article 1.8 Official Language / Announcements

The official language of HUPX Market is English.

Unless provided otherwise, announcements by any of the Market Organizational Bodies of HUPX Ltd. shall be transmitted electronically. HUPX Ltd. shall determine the electronic medium.

Chapter 2 Legal and Regulatory Framework**Section 1 Rules and Regulations of HUPX****Article 1.9 Rules and Regulations**

When operating on HUPX Market, HUPX Members shall observe and comply with the Rules and Regulations at all times.

Article 1.10 Membership Agreement

The Membership Agreement is signed between HUPX Ltd. and the HUPX Member. By signing the Membership Agreement the HUPX Member agrees to respect the Rules and Regulations of HUPX at all times. The Membership Agreement defines:

- the terms on which the HUPX Member will carry on its trading business with HUPX Ltd.,
- the types of contracts (Markets/market segments) that the HUPX Member is authorized to trade, information and information sharing rights,
- the services provided by HUPX Ltd. that are not defined in the Market Rules,

The sample of the Membership Agreement is annex No. 5 of present Market Rules.

In the event of a conflict between the Membership Agreement and any regulation of the effective version of the Market Rules, the regulation of the Market Rules shall take precedence.

The Membership Agreement cannot be assigned or transferred without the prior written consent of HUPX Ltd. If HUPX Ltd. grants its approval for the assignment or transfer of the Membership Agreement, the HUPX Member that assigns or transfers its Membership Agreement shall pay an administrative fee to HUPX, the amount of which shall be specified in a Market Notice.

Article 1.11 **Market Rules**

The Market Rules set forth the terms on which HUPX Ltd. carries out its duties and on which HUPX Members trade in the market.

Article 1.12 **Operational Rules**

The Operational Rules set forth the General Conditions, Contracts details and trading parameters, the Price List and the Technical Access Rules. The Operational Rules is an integral part of the Market Rules, as its Annex No. 2.

Article 1.13 **Code of Conduct**

The Code of Conduct sets forth the rules of conduct and market behavior which must be respected at all times by HUPX Members. The Code of Conduct is an integral part of the Market Rules, as its Annex No.3.

Article 1.14 **Changes to the Rules and Regulations of HUPX**

HUPX Ltd. may modify by a decision of its General Assembly the provisions of present Market Rules and all of its annexes. Unless otherwise stipulated in the Deed of Foundation of the Company, the General Assembly of HUPX is entitled to delegate the right for such decision making to the CEO of HUPX Ltd. The former approval of the Supervisory Board of HUPX Ltd. in both cases is required for the decision making.

However, changes to the HUPX Market Rules including all of its annexes and any subsequent amendments need to be submitted to the Organized-Market Committee, which shall provide advice and proposals on the acceptance of these changes. HUPX Ltd. modifies the Market Rules only after the prior request of the opinion of the Organized-Market Committee about the modification. Proposals for modification may be submitted to the Organized-Market Committee by any of its members or directly to the CEO of HUPX Ltd. by any HUPX Members and by the Organized-Market Committee.

The Rules and Regulations of HUPX are binding for the market organizational bodies of HUPX and for all the HUPX Members and their Traders permitted to trade on HUPX.

Article 1.15 **Date of Effectiveness of Changes to the Rules and Regulations of HUPX**

Changes to the Rules and Regulations become effective on the day of their publication unless a different time is provided for. The changes to the Market Rules require a formal approval by the Hungarian Energy and Public Utility Regulatory Authority (HEA), therefore changes to the Market Rules can become effective only after and on the base of the approval of the HEA.

If a HUPX Member does not accept changes to the Market Rules, it may terminate with immediate effect its membership to HUPX within the next ten (10) calendar days following the date of publication of the change. In case the HUPX Member does not ask for the termination of its membership to HUPX Market within the aforementioned deadline, the change shall be deemed accepted by the HUPX member.

Article 1.16 **Official Market Notices**

HUPX Ltd. notifies HUPX Members of changes to:

- ➔ the Market Rules and any subsequent amendments;

- the annexes of the Market Rules and any subsequent amendments, including the Operational Rules, the Code of Conduct, the Membership Agreement sample and the election procedure of the Organized-Market Committee which develop the provisions of the Market Rules and which are an integral part thereof by way of Market Notices.

The above elements are also communicated to Applicants in the context of their authorization.

Notwithstanding the requirements set out in Article 1.14 and 1.15 above,

- sub-contracting of operational tasks,
- admission of HUPX Members, including the Membership Agreement and its Annexes,
- resignation, withdrawal and revocation of Member admissions,
- suspension of a HUPX Member and withdrawal of such suspension,
- suspension of contract, product or order types and withdrawal of such suspension,
- the specification (number, size and special conditions) of Block Orders,
- special conditions of limit handling,
- applicable trading days and hours,
- amendments to the (Contracts) Specifications according to Chapter 1 of Title 1 of Annex 2 and Chapter 1 of Title 2 of Annex 2
- valid price and fee list, discounts and their conditions,
- changes in ways of cash collection,
- operating support contact details and hours,
- unavailability of the system or technical problems,
- fall back procedure modalities,
- trade recall options,
- sanctioning of non-compliance with Market Rules, and
- information about Market Coupling, Implicit Participants and Transit shipping.
- information about mistrade rules and applied administration fees on Intraday Market

may be modified by HUPX by way of publishing the modification in a Market Notice, which modification shall not require the prior approval of the Hungarian Energy and Public Utility Regulatory Authority.

Specific rules applicable for each type of Market Notice are defined in the articles regulating the concerning regulatory areas.

Section 2 Status of Rules and Regulations of HUPX

Article 1.17 Contractual relations

Relations between HUPX Ltd. and HUPX Members are governed by contracts. By signing the Membership Agreement, HUPX Members undertake to comply with the HUPX Rules and Regulations (including the Market Rules and Market Notices).

If a HUPX Member fails to fulfill an obligation resulting directly or indirectly from the Rules and Regulations of HUPX, HUPX Ltd. is entitled to suspend the Membership of the HUPX Member or terminate the Membership Agreement with the HUPX Member.

Article 1.18 Members' Rights and Obligations

The services provided to HUPX Members by HUPX Ltd. as well as HUPX Members' rights and obligations on HUPX are set forth in the Rules and Regulations of HUPX Ltd.

Chapter 3 Market Organizational Bodies of HUPX

Section 1 Operating Company

Article 1.19 HUPX Ltd.

HUPX is operated by HUPX Ltd., HUPX Ltd. is in charge of operating the HUPX Market.

HUPX Ltd. may subcontract part of its operational tasks regarding the operation of the HUPX Market. The name of its sub-contractor, as well as the subcontracted operations will be communicated by HUPX Ltd. to its members via a Market Notice. Notwithstanding, HUPX Ltd. shall remain liable in any cases towards the HUPX Members for the operation of the HUPX Market, regardless whether the performance of a task has been subcontracted or not.

In case of urgency, HUPX Ltd. is entitled to issue any appropriate orders or measures to ensure the orderly conduct of the Trading on HUPX and the settlement of the Trades. These orders, decisions are binding for all HUPX Members.

Section 2 Organized-Market Committee

Article 1.20 Composition of the Organized-Market Committee

The Organized Market Committee is a consultative member committee of HUPX Market.

The composition of the Organized-Market Committee reflects the diversity of economic and corporate profiles that exists among HUPX Members.

The Organized-Market Committee comprises 7-9 members.

The members of the Organized-Market Committee are elected for a 2-year period. The election rules relating to the composition of the Organized-Market Committee are determined in Annex No. 1 to present Market Rules.

The Organized-Market Committee meets if it deems appropriate, but at least twice every year. HUPX Ltd. or a quorum of three members of the Committee shall have the right to require an Organized-Market Committee meeting.

Article 1.21 *Duties and Rights of the Organized-Market Committee*

The Organized-Market Committee has the following roles and rights:

- consult proposals for the changes to the Rules and Regulations of HUPX, express its opinion and suggest modifications regarding such proposals before they are accepted by HUPX Ltd.;
- propose changes to the Rules and Regulations of HUPX to the CEO of HUPX Ltd.;
- express opinions and recommendations to the CEO of HUPX Ltd. regarding the introduction of new Trading Systems;
- express opinions and recommendations to the CEO of HUPX Ltd. regarding the introduction of new Contracts, Markets, Market Segments or Market Coupling;
- ask the CEO of the HUPX Ltd. to report on market environment and activity, projects, changes to markets and products and market surveillance activities (on an anonymous basis).

As it has an advisory role in the decision making, the recommendations, proposals and other advices of the Organized-Market Committee are not binding to the decision making of HUPX Ltd., however the CEO of the HUPX Ltd. is obliged to provide a written explanation to the Organized-Market Committee in case their proposal was not approved in the decision making process of HUPX Ltd.

Article 1.22 *Chairperson of the Organized-Market Committee; Deputy Chairperson*

In its first meeting following an election, the Organized-Market Committee shall elect a chairperson and 1-3 deputies from among its members by means of a secret ballot.

If nothing to the contrary is explicitly stipulated, the consecutive order of the deputyship shall be based on the majority of votes for the respective deputy.

The chairperson shall preside over the proceedings of the Organized-Market Committee, or if he is unable to do so, one of the deputies. In case the chairperson and all the deputies are prevented from attending the proceedings, the member of the Organized-Market Committee eldest in age shall serve as chairperson.

Article 1.23 *Quorum and Resolutions of the Organized-Market Committee*

The Organized-Market Committee shall have a quorum when more than one half of its members are in attendance, either in person, or effectively represented by another member as the result of the correct submission of the notification of proceedings.

Resolutions shall be passed by a simple majority of the valid votes cast. In case of a tie vote, the chairperson of the meeting shall cast the deciding vote. If the chairperson abstain from voting in case of a tie vote the motion shall be deemed rejected.

If unable to attend, a member of the Organized-Market Committee may allow another member so submit his written vote.

Resolutions can also be passed in writing, by e-mail. A motion shall be deemed to have been passed if more than one half of the members of the Organized-Market Committee have responded within a stipulated period and if the majority of the Organized-Market Committee

has agreed to the motion. Each member of the Organized-Market Committee shall be able to demand that the decision be taken by vote after oral debate. The chairperson shall comply with such a request, for which a detailed reason must be given, by calling a meeting without undue delay.

At the request of one quarter of the members votes shall be taken by secret ballot.

The content and outcome of the meetings and of the decision making process shall be recorded in writing and signed by the chairperson of the meeting. With regard to votes cast in writing, by e-mail, as stipulated in paragraph (4), the minutes and the outcome of the decision making process can also be signed by the CEO of HUPX Ltd. The Regulations of the Organized-Market Committee shall specify details with respect to the preparation of minutes and the adoption of resolutions.

Article 1.24 **Organized-Market Committee Committees**

The Organized-Market Committee is entitled to establish sub-committees in order to prepare its resolutions.

Article 1.25 **Confidentiality Obligation of the Organized-Market Committee Members**

The members of the Organized-Market Committee must treat all information they get in the course of their duties as Organized-Market Committee Members as confidential except if such information is part of an announcement of the Organized-Market Committee or otherwise publicly available.

Section 3 **Market Surveillance**

Article 1.26 **Market Surveillance Office**

HUPX Ltd. has established and operates a Market Surveillance Office as an independent market organizational body.

Article 1.27 **Personnel of the Market Surveillance Office**

HUPX Ltd. appoints the persons in charge for the Market Surveillance Office.

Article 1.28 **Independency of the Market Surveillance Personnel**

To the extent legally possible the members of the Market Surveillance Office are independent in their decisions and how they organize and perform their duties. In particular, they may reject orders from HUPX Ltd. in their own discretion if such orders interfere with their tasks as Markets Surveillance Office.

HUPX Ltd. may instruct the Market Surveillance Office to conduct investigations within the scope of its duties.

Article 1.29 **Duties and Responsibilities of the Market Surveillance Office**

Market Surveillance Office has to monitor the orderly trading on the HUPX Market and the orderly settlement of Trades and to check a posteriori that HUPX Members behave in accordance with the Rules and Regulations of HUPX Market. HUPX Members provide their approval and authorization to the Hungarian TSO, to the Clearing House of HUPX as well as

to its Clearing Member to supply data to the Market Surveillance Office of HUPX upon its request about the details and any information of settlement of Trades concluded by them on HUPX, if it is needed.

The Market Surveillance Office shall systematically and completely record and evaluate data regarding trading on HUPX and the settlement of Trades and shall conduct any necessary investigations.

If the Market Surveillance Office establishes facts justifying the conclusion that violations of HUPX Rules and Regulations or applicable Hungarian or European Union law provisions or HUPX orders are occurring or that other irregularities exist which may impair the orderly conduct of trading on HUPX or the settlement of Trades, it shall promptly notify the CEO of HUPX Ltd., and if it seems necessary, the Hungarian Energy and Public Utility Regulatory Authority.

The Market Surveillance Office shall exercise the duties and powers assigned to it only in furtherance of the public interest.

In the event that Market Surveillance Office suspects a breach of rules or any other incidence with an impact on trading on HUPX, it must immediately inform the CEO of HUPX Ltd. This is particularly relevant regarding possible disruptions in the correct determination of prices.

Article 1.30 *Authority of Market Surveillance Office*

For the fulfillment of its tasks, the Market Surveillance Office can conduct special investigations.

The Market Surveillance Office may, if necessary, request of HUPX Members and their Traders

- disclosure of information and documents;
- to carry out inspections;
- disclosure of the economic beneficiary of a transaction.

The Market Surveillance Office is not authorized to enact sanctions. It only informs the institutions responsible for sanctioning, e.g. the CEO of HUPX Ltd.

Article 1.31 *Reporting to the Organized-Market Committee and to the Management of HUPX Ltd.*

The Market Surveillance Office of HUPX Ltd. reports to the CEO of HUPX Ltd. and to the Organized-Market Committee.

The Market Surveillance Office may transmit data with respect to the execution of Trades to HUPX Ltd.

Article 1.32 *Information Sharing with Supervisory Authority*

HUPX Ltd. fully cooperates with the regulatory authority of its Market Area, which is the Hungarian Energy and Public Utility Regulatory Authority with the aim of ensuring harmonized, efficient and regulated trading.

According to Article 15 of REMIT, if HUPX Ltd. reasonably suspects that a transaction might breach the prohibition of market manipulation or the prohibition of insider trading shall notify the HEA.

The Market Surveillance Office may transmit data with respect to the execution of Trades to the HEA, as the authority which is responsible for monitoring electricity trading in Hungary and receive data from the HEA, to the extent that this is necessary to ensure the orderly conduct of trading and the settlement of Trades.

Such data may only be transmitted to the authority if they and the persons commissioned by them are bound by an obligation of confidentiality. It must be pointed out to the authority that they may only use the information for that purpose for which it was provided.

Title 2 Admission

Chapter 1 HUPX Membership

Article 2.1 HUPX Member

A HUPX Member is a legal entity that signs a Membership Agreement or an equivalent agreement with HUPX Ltd. and is thereby authorized to trade or intervene directly in the market.

Due to the provisions of section 53 of the Electric Energy Act, producers, electricity traders, providers of universal services, consumers, the transmission system operator and the distribution network operators may conclude Trades on HUPX for the purpose as stipulated in the Electric Energy Act, provided that they are able to satisfy the conditions prescribed in present Market Rules, and subject to a Membership Agreement concluded with HUPX Ltd.

HUPX Ltd. shall not impose any limits concerning the number of HUPX Members. HUPX Ltd. may not refuse to conclude a Membership Agreement if the conditions laid down in legal regulations, in the Commercial Code of the Hungarian Electricity System and in present Market Rules are satisfied.

Article 2.2 Trading at HUPX

Trading at HUPX shall only be carried out by an approved HUPX Member.

HUPX Members are entities with the permission to participate in trading on HUPX with respect to the Products that may be traded on HUPX market.

HUPX Members can commercially engage in the business of:

- purchasing and selling for their own account (own transactions),
- purchasing and selling in their own name for the account of a third party (customer transactions), or
- registering OTC trades with another existing HUPX Member

Article 2.3 Types of HUPX Members

According to the prevailing regulations of the Electric Energy Act, there are six types of entities that can become HUPX Members on HUPX:

- Electricity Trader (with a valid electricity trading permit issued by the HEA or its predecessor pursuant to section 88 of the Electric Energy Act);
- Universal Service Provider (with a valid universal service provision permit issued by the HEA or its predecessor pursuant to section 90 of the Electric Energy Act);
- Consumer (on the base of point c of subsection 2 of section 56 of the Electric Energy Act);
- Producer (with a valid power plant or micro power plant operational permit issued by the HEA or its predecessor pursuant to section 80 or 83 of the Electric Energy Act);

- Transmission System Operator (with a valid transmission system operation permit issued by the HEA or its predecessor pursuant to section 87 of the Electric Energy Act, on the Hungarian Market Area MAVIR Ltd. holds the TSO operation permit);
- Distribution System Operator (with a valid distribution system operation permit issued by the HEA or its predecessor pursuant to section 84 of the Electric Energy Act).

In spite of the different legal basis of their participation on HUPX Market as specified above, HUPX Members have equal rights and obligations towards HUPX Ltd., with the restriction that it is always the responsibility and duty of the HUPX Member to perform only trading activity on HUPX with the aim, direction (sell or buy) and measures for which the regulations of the Electric Energy Act (and their license if applicable) provides entitlement for them.

In the process of OTC Clearing according to Title 4 of Article 2 of present Market Rules, HUPX Members may register transactions for themselves, or request HUPX to register a transaction on behalf of the Member.

Article 2.4 *Implicit Participants for Market Coupling*

In addition to the types of members defined by the Electric Energy Act and mentioned in Article 2.3, the Implicit Participant fulfills the tasks deriving from the execution of the process of Market Coupling. On the top of its task deriving from the execution of the process of Market Coupling the Implicit Participant may also carry out bidding and offer making activity on the day-ahead and intraday markets and shall be regarded and handled as a HUPX Member during the order making, matching and post trade processes.

On the base of the prevailing regulations of the Hungarian Law, on HUPX, the Hungarian Transmission System Operator (TSO) is MAVIR, or any other entity appointed and entitled by MAVIR Ltd, who performs the tasks and roles of the Implicit Participant.

The roles and duties of the Implicit Participant are specified in the contractual relationships concluded by HUPX Ltd. with the Implicit Participant, regarding the operation and process of Market Coupling.

Article 2.5 *Commitment to Market Making*

Any of the HUPX Members may offer to HUPX Ltd. to commit to be a Market Maker with a view to increase the liquidity of a certain Product admitted to trading. Nevertheless it is within the own discretion of HUPX Ltd. whether it enters into a Market Maker Agreement with the HUPX Member offering such commitment or not.

Market Makers take on the obligation to quote bid and ask prices for one or more Contracts admitted to trading on a continuous basis or at specific times at the request of HUPX, in accordance with the conditions set in the Market Maker Agreement. The specific terms of the Market Maker commitment of a HUPX Member will be set out in the Market Maker Agreement, which includes the bidding and asking obligations, specification of the Product types, the minimum order quantities in MW and/or minimum traded volume in MWh, the maximum spread between bid and ask prices in Euro/MWh, the period and session when the commitment shall be fulfilled.

On the basis of the agreement of the parties the Market Maker Agreement might also specify discounts and reduced rates of payable fees and other preferments to which the Market Maker HUPX Member will be entitled in return for the performance of its market making commitment, the sanctions for not performing a Market Making commitment and other contractual terms and conditions which the parties find relevant and are agreed upon. As only HUPX Members can become Market Makers, a Market Maker Agreement is subject to a valid HUPX Membership Agreement.

The commercial terms and conditions of the concluded Market Maker Agreements will not be disclosed.

Article 2.6 **Commitment to Liquidity Providing**

Any of the HUPX Members may offer to HUPX Ltd. to commit to be a Liquidity Provider with a view to increase the liquidity of a certain Product admitted to trading. Nevertheless it is within the own discretion of HUPX Ltd. whether it enters into a Liquidity Provider Agreement with the HUPX Member offering such commitment or not.

The Liquidity Provider Agreement specifies obligations for the Liquidity provider to support the liquidity of the market.

The Liquidity Provider Agreement may also specify discounts and reduced rates of payable fees and other preferments which the Liquidity Provider HUPX Member will be entitled to in the corresponding month in return for the performance of its liquidity provider commitment, the sanctions for not performing a Liquidity Provider commitment and other contractual terms and conditions which the parties find relevant and are agreed upon. As only HUPX Members can become Liquidity Providers, a Liquidity Provider Agreement is subject to a valid HUPX Membership Agreement.

The commercial terms and conditions of the concluded Liquidity Provider Agreements will not be disclosed.

Chapter 2 **Admission of HUPX Members**

Article 2.7 **General Admission Requirements for HUPX Members**

The admission of a HUPX Member shall authorize the HUPX Member to participate in trading on HUPX Market, if the HUPX Member:

- has satisfied HUPX Ltd. with the reliability and economic capacity of its company;
- has secured all relevant authorization for trading in power (where it is applicable);
- has secured orderly settlement of Trades;
- has appointed Traders;
- is equipped with the necessary technical connection for trading on the systems of HUPX.

Article 2.8 **Admission on HUPX**

HUPX Ltd. makes decisions concerning HUPX Members, in compliance with the Rules and Regulations.

HUPX can refuse an incomplete application.

When authorizing new HUPX Members, HUPX Ltd. carries out a documentary verification in order to ensure all membership requirements have been met.

Once all membership requirements have been met, HUPX Ltd. signs the Membership Agreement and sends an admission letter to the new HUPX Member.

Upon receipt of the admission letter, the new HUPX Member is entitled to trade at HUPX.

The name of a new HUPX Member will be published in a Market Notice to the other HUPX Members and the admission of this new member will be published on the HUPX website.

If HUPX Ltd. decides not to admit an Applicant, it shall give reasons for its decision.

Article 2.9 *Required Information for Admission*

Membership applications must include the following elements:

- a duly signed Membership Agreement in 2 originals;
- a duly signed and completed Identification form;
- a duly signed and completed Trader registration form;
- a duly signed and completed Trading system user form;
- signed Declaration of consent relating to personal data handling form for each registered trader;
- the following supporting documents:
 - notarized company registration extract (issued within 30 calendar days);
 - copy of license issued by the HEA or its predecessor (or a statement that the Applicant will buy electricity as a consumer);
 - verification of the balance group membership issued by MAVIR Ltd.;
 - certificate of tax residence;
- a duly signed REMIT reporting agreement in 2 originals or statement that the applicant does not intend to conclude the Data Reporting Agreement with HUPX Ltd.

HUPX Ltd. can request any additional information that is necessary within reason to take into consideration the special characteristics of the Applicant.

The Applicant guarantees the validity of such information and substantiates it, where appropriate by providing copies of the original documents.

These documents shall be sent to HUPX Ltd. in English or Hungarian language as per the request of HUPX.

Article 2.10 *Authorized Representatives*

HUPX Members shall appoint at least one authorized representative, chosen from among the employees under their authority or acting on its behalf, who will be HUPX Ltd.'s contact for the administrative formalities undertaken in compliance with the Market Rules.

They may also appoint:

- an invoicing/payment representative
- an IT representative
- a representative regarding Membership issues.

Only authorized representatives are entitled to ask HUPX Ltd. to make changes in the areas that concern them.

Article 2.11 **Capacity and Right to Buy and/or Sell Electricity in Hungary**

Legal entities that are not barred by law from buying and/or selling electrical power can become HUPX Members.

As a result, the Applicant must obtain all state approvals, permissions, licenses and admissions (including joining the balance group system of the Hungarian TSO) that are required for trading on HUPX and the fulfillment of the concluded transactions.

HUPX Ltd. may request from the applicant additional documents or information at any time and within a certain time limit. In this respect it may, after a due assessment of the circumstances, either itself or through an agent, conduct an exam of the Applicant at the Applicant's expense and require the Applicant to submit such statements and documents as it may deem appropriate.

Applications for the admission of companies are suspended as long as no evidence of the lawfulness of the admission and the trading participation in accordance with the law is furnished by the applicant or should HUPX gain knowledge by other means to the effect that the admission of the Applicant and its trade participation is permissible.

Chapter 3 **Requirements for the Settlement of Trades**

Article 2.12 **Requirements for the Settlement of Trades concluded on HUPX and of Trades registered in the OTC Clearing process**

The orderly settlement of Trades on HUPX is deemed to be secured when all of the following requirements are fulfilled:

- The HUPX Member takes part in clearing on ECC AG in accordance with the respectively valid Clearing Conditions of European Commodity Clearing AG (ECC AG);
- A participant must have sufficient technical facilities at its disposal which guarantee correct trading and settlement by means of e-mail (and telephone) or via the trading systems of HUPX and clearing facilities of ECC AG. When using an IT system, it must be ensured that these technical facilities do not impair the Trading on HUPX and the settlement of the Trades. Details of the technical equipment are regulated by the Regulations pertaining to technical facilities;
- The technical facilities shall be kept in good condition by the HUPX Member and it is to ensure that their continuous readiness for operation is guaranteed;
- The HUPX Member shall provide the personnel who are required for trading and settlement and take satisfactory organizational precautions.

First Bullet-Point above is deemed to be fulfilled when:

- The HUPX Member has concluded a Non-Clearing Agreement or a System Clearing Agreement or a Direct Clearing Participant (DCP) Clearing Agreement with ECC for the market applied for. Provided that the HUPX Member intends to become a Non-Clearing Member for transactions for the respective market in terms of the Clearing Conditions of ECC (Non-Clearing Member), such participant shall conclude a respective agreement with a System Clearing Member or Settlement Bank and provide any security required by the Clearing Conditions or by the respective agreement;
- Furthermore, HUPX Ltd. receives confirmation from ECC that the trades concluded by the HUPX Member are ready to be cleared and settled to the Member or its settlement agent by ECC.

The requirements stipulated in present Article shall be met also for the orderly settlement of trades registered to OTC Clearing.

Chapter 4 **Requirements for Technical Access**

Article 2.13 **Requirements for Technical Access**

The technical requirements of the connection to the trading systems of HUPX are met, if the HUPX Member is equipped with IT-facilities, which comply with the requirements in accordance with the Rules and Regulations of HUPX concerning technical equipment. HUPX Ltd. (or its duly mandated subcontractor) is permitted to check on the compliance of these regulations on-site.

If HUPX Ltd. permits a HUPX Member to use order routing systems in accordance with the Operational Rules, such HUPX Member shall be responsible for ensuring that the order routing facility is used properly, for the designated purpose and in accordance with the provisions of the Rules and Regulations. This also applies to any orders, which are entered into the trading systems of HUPX via order routing by third parties who are not admitted to HUPX Market. Should the HUPX Member fail to comply with these requirements, HUPX Ltd. may at its own discretion restrict or revoke the permission to use an order routing system.

HUPX Ltd. may require its members to support and participate in technical testing in order to confirm compliance with technical requirements for access to the trading platform and/or to deliver changes or updates to the trading infrastructure or trading software if appropriate to realize common interest connected to the trading infrastructure or trading software. Any performance during implementations or upgrades or cases of technical changes shall be based on a best effort principle. All HUPX Members must pass conformance testing to be allowed to access to the HUPX trading platform.

Article 2.14 **Trading Accounts**

Following signature of the Membership Agreement, HUPX Ltd. assigns to the HUPX Member one or more Trading Account(s) with one or more Users with login name and password per trading system in line with the request of the Trading Member.

The HUPX Member can ask HUPX Ltd. to create additional Trading Accounts or to delete existing Trading Accounts.

Chapter 5 Admission of Traders

Article 2.15 Admission of Traders

Persons entitled to trade on HUPX (Trader) shall be admitted by HUPX Ltd. if they are reliable and have the necessary professional qualifications. A Trader can only be admitted and active for one HUPX Member at any given time.

Article 2.16 Trader Identification

HUPX Members operate on HUPX through one or more Traders placed under their authority or acting on their behalf. HUPX Members shall notify HUPX Ltd. of any change to the list of their authorized Traders.

Traders are identified on HUPX Ltd. and are the only persons authorized to place, modify or cancel Orders.

HUPX Members cannot decline responsibility for the actions of a person acting under their authority or on their behalf, regardless of whether such person has been identified as a Trader. Similarly, HUPX Members cannot decline responsibility for the actions of a Trader declared to HUPX Ltd., regardless of whether such Trader is acting under the Member's authority or on its behalf, until such time as the HUPX Member requests the suspension of such a Trader.

Article 2.17 Skills

HUPX Members ensure that the Traders they have designated have all necessary skills. Traders shall understand all the documents issued by HUPX Ltd. concerning in particular:

- the HUPX market's structure and environment,
- product specifications,
- use of Trading Systems,
- netting mechanisms,
- delivery procedures,
- the risks inherent in the products traded.

Traders must be professionally qualified to trade on HUPX. Evidence of the required specialized knowledge is supplied by passing an exam (the "Trader's Exam") leading to the qualification as Spot Market (including Day-Ahead and Intraday) on HUPX.

All Traders who were previously authorized on EEX Power Spot / Powernext Day-Ahead or are authorized on EPEX Spot are not required to pass the Traders' Examination, in order to trade on the Day-Ahead and Intraday Markets of HUPX.

Traders who are qualified to trade on Day-Ahead Market of HUPX are automatically deemed to be qualified for trading on the Intraday Market of HUPX, therefore no further Trader Exam is required for the Intraday Market trading on HUPX.

Chapter 6 Rules for Procedure

Article 2.18 *Duration of Membership*

HUPX Membership lasts for the same period as the effect of the Membership Agreement.

Article 2.19 *Communication of Information*

After the granting of admission to trading, HUPX Members shall still be required to notify HUPX Ltd. without delay of any changes of a factual or legal nature which could lead to the conditions for admission no longer being met, in particular:

- 1) Changes to its legal situation, such as:
 - changes in terms of compliance with one of the Membership requirements,
 - termination of, suspension of, or changes to the Clearing Agreement,
 - changes to the information communicated with or documents appended to the Membership application,
 - termination of, suspension of its balance group agreement with the Hungarian TSO, or the balance group membership agreement with a balance group responsible party.
- 2) Changes to the Member's technical or organizational situation, insofar as such changes have an impact on access to HUPX.
- 3) Changes to the legal or regulatory framework or to judicial practice that affect the Member's capacity and its compliance with the Membership requirements and these Market Rules.

Article 2.20 *Termination of the Membership*

The HUPX Member is entitled to request the termination of its membership with a written request sent to HUPX. The termination period lasts for 30 days upon the arrival of the written request.

In case a HUPX membership has been suspended for more than 12 months, HUPX Ltd. is entitled to terminate the HUPX membership of the HUPX Member.

HUPX is entitled to terminate the Membership Agreement with immediate effect is applied in the event of severe breaches of the HUPX Rules and Regulations.

The termination of a HUPX Membership Agreement, whatever the cause, shall render due and payable all sums owed by one party to the other under this agreement at the date of the termination.

Termination of a membership of a HUPX Member automatically implies the withdrawal of its trader's trading rights.

HUPX Ltd shall publish the termination of the HUPX membership in a form of a Market Notice.

In case a HUPX membership is terminated by HUPX Ltd. or the HUPX Member has requested the termination of its membership, the HUPX Member is required to meet its obligations arising from its deals until the date of the termination, even if those deals were conducted after the

effective date of the termination. The HUPX Member is required to close its open positions both physically and financially and to delete its Orders from the involved Trading System.

Should the HUPX Member fail to meet these requirements within the prescribed deadline, HUPX Ltd. is entitled to delete the Orders.

HUPX Ltd. is not responsible for the potential consequences arising from the deletion of Orders or the closing of positions in the abovementioned case towards the HUPX Member.

Article 2.21 *Suspension of the membership*

HUPX Ltd. is entitled to suspend the Membership if the HUPX Member:

- a) Breaches the provisions stated in the Market Rules;
- b) Fails to meet the preconditions of the membership;
- c) Fails to meet its financial obligations.

HUPX Ltd. suspends the Membership,

- a) Upon the request of the Member;
- b) Upon the request of the Clearinghouse;
- c) In case the trading right of the HUPX Member has been suspended for more than 5 days;
- d) In case the Balance Group or Balance Group Membership of the HUPX Member is terminated.

Within the suspension period, the Member is required to pay the annual fees but is not required to pay the trading system fees.

HUPX Ltd. shall publish the suspension of the HUPX member's membership in the form of a Market Notice. The suspension of the membership shall not be considered as the termination of the membership.

Article 2.22 *Immediate Suspension of the Member's trading right*

The trading right of the HUPX Member can be temporarily suspended with immediate effect in case the HUPX Member fails to meet the requirements of the Clearing House and/or the Clearing Member, particularly in the event of the failure to meet the deadline for the financial settlement or other obligations set by the Clearing House and/or the Clearing Member in relation to the limits and position openings.

The immediate suspension of the trading right can be initiated by the Clearing House and/or the Clearing Member. The procedure of the suspension is controlled by the Clearing House.

In the case of an immediate suspension, HUPX executes the process without any consideration in order to make the opening of new positions impossible for the HUPX Member.

In case a HUPX Member is suspended in the Trading System, its orders are not executed.

HUPX Ltd. is not responsible towards the HUPX Members for the potential consequences arising from the execution of the suspension initiated by the Clearing House.

In case the suspension of the Member's trading right is maintained for more than 5 days, HUPX is entitled to suspend the HUPX Membership as stipulated in Article 2.20 of this Market Rules.

Article 2.23 *Provisions in relation to financial default and the closing of positions*

In case of a Clearing Member default, the relevant provisions of the Clearing House's clearing rules are applicable. For the default management procedure the Clearing House is entitled to request the creation of a technical account in the trading system in order to close the positions of the defaulting Clearing Member's Non-clearing Member. This technical account can be operated by HUPX only - upon the request of the Clearing House - with the sole intention to close all open positions.

HUPX Ltd. is not responsible for the potential consequences arising from the deletion of Orders or the closing of positions in the abovementioned case towards the HUPX Member.

Chapter 7 **Rules regarding Market Coupling**

Article 2.24 *Coupled Markets*

Coupled Markets are day-ahead or intraday electricity markets (organized markets, power exchanges or any other equivalent trading platform organized and operated for electricity trading purposes) where the delivery of traded products is executed in Market Areas (directly or indirectly) interconnected with the HUPX Market Area, provided that the market operator companies of such markets concluded agreements regarding the market coupling with HUPX Ltd. HUPX is obligated to inform the Hungarian Energy and Public Utility Regulatory Authority about such agreements.

Article 2.25 *Coordination of the Coupled Markets*

The Implicit Participant is registered, regarded, handled as a HUPX Member during the post trade processes with the following exception related to order making. The relevant cross-border transmission capacity offered by the responsible TSOs (i.e. MAVIR and the relevant neighboring TSOs). Orders of the Implicit Participant have to be consider special offers which are included in the market coupling calculation processes automatically.

The amount, the direction and the price of the electric energy to be transmitted by the Implicit Participant is defined in the market coupling calculation.

In the scenario that the day-ahead Market Coupling cannot be executed, for whatever reason, HUPX will inform without delay HUPX DAM Members of decoupling and the applicable fallback procedures.

When the relevant TSOs do not provide capacity or when the means to conduct a coordinated Auction with all other Price Coupled Markets are not available, HUPX conducts its Auction independently of the other Coupled Markets.

In case of any issue regarding the intraday market coupling it may be necessary to suspend the effected interconnectors, when HUPX will inform HUPX ID Members without any undue delay.

Article 2.26 *Information Provided by involved TSOs*

On the HUPX day-ahead market the involved TSOs (including MAVIR) provide the involved market operators (including HUPX Ltd.) each day before the close of the Order Book, with day-ahead information on the amount of available cross-border transfer capacity and direction of capacity available for each hour and for each direction for the relevant interconnection according to the detailed process and timing described in Daily Implicit Auction Rules (which is an Annex to the Commercial Code).

On the HUPX intraday market the involved TSOs (including MAVIR) provide the available intraday capacity volumes for each interconnector, for each market unit, for each direction on a daily basis before the gate opening deadline and transfer the data to the capacity management module. This procedure and its timing will be regulated in the intraday capacity allocated regulation (annex of the Commercial Code).

HUPX Ltd. makes available the information to HUPX Members before the Order Book closes on a best effort basis, however this information is only for informational purposes, as the respective TSO is responsible for the publication of such data.

If HUPX Ltd. learns that the information cannot be provided for a particular day, it notifies HUPX Members accordingly. HUPX shall not bear any responsibility for damages caused by such situation.

Article 2.27 *Information about Market Coupling and Implicit Participant(s)*

For information purposes HUPX shall publish the name(s) of Implicit Participant(s), the list of countries involved in Market Coupling, the interconnection(s) through which they transmit capacity to HUPX Ltd., the date(s) on which each interconnection becomes active and other Market Coupling related specifications in a Market Notice with validity date at least 5 trading days later than the date of issue. The official list of the above mentioned data is available in the prevailing Hungarian Commercial Code for electricity market.

Article 2.28 *Principle and methodology of cost-based pricing in connection with HUPX's tasks related to market coupling*

HUPX Ltd. calculates and defines its prices (and each element of its prices) being in connection with the performance of tasks specified in Article 7 of Commission Regulation (EU) 2015/1222 of 24 of July 2015 establishing a guideline on capacity allocation and congestion management by applying the rule of cost-based price definition according to the following method:

At the beginning of each calendar year HUPX Ltd. shall preliminarily determine

- the anticipated cost items and their aggregated sum,
- the anticipated trading volumes and allocated capacity quantities based on historical data,
- available technical information

and create its yearly business plan based on these assumptions.

The following market coupling related items shall be included in the calculation of the cost basis from the business plan:

- reasonable costs such as
 - costs of operation,
 - cost of capital,
 - depreciation for capital expenditures that are not directly reimbursed to HUPX,
 - reasonable costs of fulfilling the obligations derived from Hungarian and European Union regulations (without any additional costs deriving from failing to fulfill such obligations for reasons attributable to HUPX),
- any other revenues or non-refundable resources.

By application of the above figures HUPX shall calculate the market coupling related price items where the cost basis shall be divided by the anticipated shipping volumes as base of projection to calculate the Shipping Tariff to be charged to the Implicit Participant.

During the financial closure of financial year the anticipated figures and the factual figures shall be compared and HUPX shall issue credit-/debit notes to the Implicit Participant to offset the identified differences between planned and factual figures (revenues/expenses) as correction for the current year.

If significant differences between planned and factual figures (revenues/expenses) are anticipated during the year, HUPX immediately informs the Regulator about this fact.

HUPX Ltd. shall inform the Regulator about exact calculation being the base of the annual price determination each year following the publication of the prevailing prices. In case the Regulator based on its observing of the issued pricing calculation stipulates so, HUPX Ltd. will immediately modify its prices in line with the recommendation and observation of the Regulator.

In case the anticipated figures substantially differ from the factual figures HUPX Ltd. is entitled to modify its related price items accordingly. HUPX Ltd. shall inform the Regulator about calculation being the base of the modified price determination following the publication of the prevailing prices.

Title 3 Code of Conduct and Audits

Article 3.1 Behavioral Rules

HUPX Members shall observe and comply with the Code of Conduct at all time when doing business in the market.

Article 3.2 Principles

When HUPX Ltd. considers that a HUPX Member's situation or actions are no longer consistent with its undertakings or that they are detrimental to the orderly operation of the market, it will order such HUPX Member to remedy the matter immediately.

If the HUPX Member is unable to bring its situation back into line with relevant requirements or if it does not cease the challenged actions within the given time period, then HUPX Ltd. can issue a private or public warning to the HUPX Member, order the suspension of its activities, or withdraw its Membership status.

In an emergency, HUPX Ltd. can suspend an HUPX Member's activities with immediate effect. In such case, HUPX Ltd. is entitled to determine the managing of the existing client positions of the suspended HUPX Member on a case by case basis.

Suspension or withdrawal of membership shall automatically entail the elimination of all the HUPX Member's Orders in the Order Book.

In any event, termination of the Membership Agreement, which triggers the loss of Membership status in compliance with this article, shall not prevent HUPX Ltd. from seeking compensation for all direct and / or indirect damage caused by the Member's behavior, especially in the event of injury to the image of the market resulting from damage to the integrity or orderly and fair operation of the market.

Title 4 Contracts and Markets

Chapter 1 Contracts

Section 1 Contracts description and specifications (principles)

Article 4.1 Nature of the Contracts

The Contracts admitted to trading on HUPX are commercial contracts on commodities for the physical Delivery (injection or withdrawal) of electricity within the Hungarian transmission system.

Article 4.2 Effect of the Contracts

The execution of an Order in the market entails the irrevocable commitment at a set date and time:

- for the buyer to take Delivery of (withdraw) and to settle the Underlying at the set Price,
- for the seller to deliver (inject) and to receive settlement of the Underlying at the set Price.

Section 2 Rules for listing Contracts

Article 4.3 Admission of Contracts

HUPX Ltd. makes decisions concerning the admission to trading, suspension and delisting of Contracts with a prior request for the opinion of the Organized-Market Committee regarding the decision. Condition for the admission of a Contract is that the maintenance of orderly trading can be expected.

Article 4.4 Contract Specifications

HUPX Ltd. sets forth the specifications of each Contract in Annex 2 of present Market Rules that is in the Operational Rules.

Contract specifications for the day-ahead market of HUPX are stipulated under Title 1 of Annex 2 of the present Market Rules. Contract specifications for the intraday market of HUPX are stipulated under Title 2 of Annex 2 of present Market Rules.

Section 3 Rules for activating, suspending and delisting Contracts

Article 4.5 Revocation and Suspension of a Product or Order Type

HUPX Ltd. may revoke a product to trading on HUPX or suspend trading of a product or Order Type on HUPX if orderly trading on HUPX Market is jeopardized or if such action appears to be necessary by any other important reason.

HUPX Ltd. may also suspend trading (entirely, for individual Markets, individual products or individual Contracts) if this is required for technical reasons.

In the case of any revocation of a Product or any suspension from trading on HUPX, HUPX Ltd. shall inform the HUPX Members without undue delay. The same applies to any suspension of trading on the intraday market.

If Trading in certain Contracts or Order Types on HUPX is suspended entirely or in part, no new Orders may be entered for the suspended Contracts or using the suspended Order Type. All existing Orders will be cancelled. HUPX Ltd. may, in the event of a suspension, issue different instructions on a case-by-case basis.

Article 4.6 *Activation of a Product or Order Type*

The Market Rules of HUPX may contain products or Order Types without making them available for trading until all necessary (technical, regulatory or any other) conditions are secured. In such case HUPX Ltd. informs the HUPX Members either in the Market Rules or in a separate Market Notice that such products or Order Types shall be regarded as suspended, and they will become available for trading (activated) by a later, separate Market Notice on the withdrawal of suspension (activation) with validity date at least 5 trading days later than the date of issue.

Chapter 2 **Market Areas**

Article 4.7 *HUPX Market Area*

On HUPX Market contracts can be concluded on electricity with delivery on the Hungarian transmission system managed by MAVIR Hungarian Independent Transmission Operator Company Ltd.

HUPX Ltd. via separate contractual relationships with the market operator companies of Coupled Markets, along with the Implicit Participant assures the coupling of the HUPX day-ahead and intraday markets Market Area to the Market Areas of the Coupled Markets, by means of balancing Coupled Markets' Net Positions via the Implicit Participant.

Chapter 3 **HUPX Markets**

Article 4.8 *HUPX Markets*

A HUPX Market is characterized by a Market Area associated with a Trading Procedure and a trading timeframe.

Currently the following Markets exist on HUPX:

- ➔ Day-Ahead Market: Day-Ahead Auction Trading with delivery on the Hungarian power system operated by MAVIR Ltd.
- ➔ Intraday Market: Intraday Continuous Trading with delivery on the Hungarian power system operated by MAVIR Ltd.

The Trading Procedures for the Markets are described in Annex 2 (the Operational Rules).

Chapter 4 **Electronic platform of trading**

Article 4.9 *Fully Electronic Organized Market*

HUPX is a fully electronic organized market.

HUPX Members transfer Orders from their respective workstations to trading systems of HUPX by means of electronic transmission. HUPX Ltd. is entitled to permit the usage of other

methods of transfer; it will inform the HUPX Members of this method by the most suitable means.

HUPX Ltd. is entitled to temporarily interrupt the access to trading systems of HUPX for single or all Markets for one or all of the HUPX Member(s) should this be necessary for technical reasons. HUPX Ltd. makes the decision as to the end of the interruption. The HUPX Members concerned must be informed of the interruption of the access to trading systems of HUPX and the end of the interruption by suitable means.

Article 4.10 *Technical Malfunctions*

The affected HUPX Members shall inform HUPX Ltd. without delay of any malfunction which occur on the technical equipment of the markets during the business hours.

In case of technical malfunctions, HUPX Ltd. or third parties commissioned shall be authorized to take any suitable and appropriate measures that are required to safeguard or resume proper trading or settlement. For example, HUPX Ltd. or the third party commissioned can exclude individual HUPX Members or all HUPX Members from trading temporarily; they can suspend trading or delete orders by individual or all HUPX Members. The measures taken by HUPX Ltd. or by the third parties commissioned shall be binding for all HUPX Members. Further rules are contained in Annex 2 (the Operating Rules of HUPX). In case of electricity supply emergencies and significant malfunctions of the electricity system the operation HUPX Ltd. may suspend the operation of HUPX Market.

HUPX Ltd. provides unrestricted technical support only during the business hours.

HUPX Ltd. shall be authorized to commission third parties to support the HUPX Members. However, the third parties commissioned shall only be granted access to the trading data of the HUPX Members or a right of inspection of such, if it has signed a confidentiality agreement.

Article 4.11 *Time*

The times referred to in the Market Rules correspond to the time on the servers on which the systems of HUPX run. This is based on official time, and HUPX Ltd. makes every effort to ensure that any difference is less than one minute.

Title 5 Trading on Day-Ahead Market of HUPX

Chapter 1 Principles

Article 5.1 Provisions applying to trading on the Day-Ahead Market of HUPX

This Title presents the common provisions that apply to the Day-Ahead Auction traded Contracts.

- It describes the general specifications of Orders under these trading procedures,
- explains how these Orders are matched and executed, and
- describes the outcome-processing procedures

applying to the Day-Ahead Auction traded Contracts.

Article 5.2 Procedure for Trading on the Day-Ahead Auction Market

Provisions related to trading on the Day-Ahead Auction Market are to be found in Title 1 of Annex 2 (the Operational Rules of HUPX).

Chapter 2 Rules on Orders

Article 5.3 Order Matching

Transactions on HUPX are effected by matching supply and demand Orders by Auction, after an accumulation period during which Orders entered in the Order Book by HUPX Members are accumulated but not executed.

Article 5.4 Trading Periods

The market hours for the commencement and the end of trading for all products shall be determined by HUPX Ltd.

HUPX Ltd. may extend or reduce the market hours as well as the commencement of any of the trading periods to the extent necessary to maintain orderly trading conditions or for reasons relating to the trading systems of HUPX.

The market hours for transactions in Day-Ahead auctions comprise three consecutive periods:

- Pre-Trading Period,
- Trading Session,
- Post-Trading Period.

Further details are to be found in Annex 2 (the Operational Rules).

Article 5.5 Order Origin

An Order is deemed irrefutably to originate from a Member when the Member's technical identifier is present in the message containing the Order. Technical acceptance of instructions issued by a Member shall be evidenced by acknowledgment of such message, by entry or denial of entry in the Order Book or by a Transaction. An instruction issued by a HUPX Member can be revoked only as defined in the Market Rules.

This article is not applicable for the entity when acting as Implicit Participant.

Article 5.6 *Order Description*

An Order is an offer to enter into a Contract, the terms and validity of which are set forth herein.

Orders sent to HUPX Ltd. shall include at least:

- identification as a Single-Contract Order or a Block Order;
- the Member's identification;
- the Trading Account in which the Order is recorded;
- the Contract to which the Order relates;
- the quantity;
- the price limit;
- whether it is a buy or sell Order;
- the type, validity and terms of execution of the Order.

Article 5.7 *Order Categories*

Orders may relate to one Expiry only (Single-Contract Orders or Block Orders) or to several Expiries (Block Orders).

Article 5.8 *Portfolio types*

HUPX DAM Members may have the following portfolio types:

- Trading portfolio: Member may enter Single-Contract Orders or Block Orders by using trading portfolios. The Orders to a trading portfolio may be also entered on behalf of the HUPX Members by HUPX Ltd. (or its sub-contractor).
- Physical delivery portfolio: If a Member has Membership on HUDEX Ltd. for power segment has the possibility to require physical delivery for its open positions related to the following products:
 - HUDEX Hungarian power base week future;
 - HUDEX Hungarian power base month future and HUDEX Hungarian power peak month future.

Physical delivery portfolios are used for physical fulfilment of the requested delivery volumes. The physical delivery portfolios need to relate to an existing member on the HUPX DAM market. The same login credentials are used for trading and for physical delivery portfolios.

The Member shall submit its physical delivery requests at HUDEX then HUDEX will transfer the member's requests toward HUPX DAM operator. Submission of the physical delivery requests is executed only by HUPX market operator.

In order to ensure the fulfilment of the physical delivery requests the orders are submitted as unlimited orders. HUPX DAM Member is obligated to confirm its physical delivery request within the HUPX DAM trading system.

Article 5.9 **Anonymity of the Order Book**

The Order Book and transactions are anonymous.

Chapter 3 **Rules on Matching****Article 5.10** **Principle of Auction**

The principles applicable to the execution of orders on HUPX Market are:

- Execution happens according to a method that is transparent and described in the Market Rules and must enforce principles which are public;
- Execution insures a level playing field among the HUPX Members;
- Execution is compliant with the Orders submitted by the HUPX Members;
- Auction results are published in a reasonable delay after closure of the Order Book;
- Before such publication the Clearing House is allowed to reject results for a Clearing Member for credit reasons in which case, after cancellation of exceeding limits orders, the Auction will be re-run.

Chapter 4 **Post trade process****Section 1** **Rules for publication of market data****Article 5.11** **Publication of transactions and Data Ownership**

HUPX Ltd. reserves the right to publish the outcome of Trades. The manner, timing and scope of the publication of prices shall be determined by HUPX Ltd.

Published market databases belong to HUPX Ltd., which also determines how they are to be published. Members are authorized to use such databases on an internal basis. Any commercial usage of such market database must be carried out pursuant to a specific contract with HUPX Ltd.

Section 2 **Transmission of trade information to ECC****Article 5.12** **Transmission of Trade Information to ECC**

Once Orders have been matched HUPX Ltd. sends at least the following information on each Trade to ECC for registration:

- Price,
- Quantity,
- Side,
- Counterparty,
- Position account,
- Date and time.

Following registration by ECC, the Payment and Delivery Obligations arising from Trades are governed by the Clearing Conditions of ECC.

On HUPX all trades and products are subject to clearing.

Section 3 Delivery of Trades

Article 5.13 *Delivery of Trades through the balance group system of MAVIR Ltd.*

MAVIR Ltd., the Independent Transmission Operator (TSO) for the Hungarian Market Area provides the actual transmission of electricity in order to perform the physical delivery obligations specified in the Contracts traded on HUPX. In order to be able to perform the scheduling tasks towards the TSO and in order to maintain the possibility of physical settlement of the concluded trades by the Clearing House and its central counterparty, HUPX Ltd. concluded the required balance group agreement with MAVIR Ltd. on the base of the provisions of subsection 3 of section 21 and subsection 1 and of section 53 of the Hungarian Electric Energy Act. The special rights and obligations of HUPX Ltd. as balance group responsible party and of ECC AG as the Clearing House of HUPX Market are specified in the Commercial Code of the Hungarian Electricity System.

The Balancing Group of HUPX DAM is a one-person balancing group, there are no further members of the balancing group, all trades are executed by means of inter balancing group schedule-based trading on the scheduling system of the TSO.

The execution of Orders that the HUPX DAM balancing group has duly notified to the transmission system operator, and that have been settled and acknowledged by the transmission system operator may be restricted only according to Section 36 of the Hungarian Electricity Act and according to the provisions of Governmental Decree No. 285 of year 2007 on the detailed rules governing electricity supply emergencies and significant malfunctions of the electricity system.

Title 6 Continuous trading on Intraday Market of HUPX

Chapter 1 Principles

Article 6.1 Provisions applying to trading on the Intraday Market of HUPX

This Title presents the common provisions that apply to the Market of Intraday Contracts.

- It describes the general specifications of Orders under these trading procedures,
- explains how these Orders are matched and executed, and
- describes the outcome-processing procedures

applying to the Intraday Contracts.

Article 6.2 Procedure for Trading on the Intraday Market

Provisions related to trading on the Intraday are to be found in Title 3 of Annex 2 (the Operational Rules of HUPX).

Chapter 2 Rules on Orders

Article 6.3 Order Description

An Order is an offer to enter into a Contract, the terms and validity of which are set forth herein.

An Order is firm with a specified quantity and price in certain Contract. It can be either a buy Order with a maximum price or a sell order with a minimum price. Each Order must be made in a multiple of the minimum trading amount and at a limit price that is a multiple of the minimum tick size as these are set out in the Contract Specifications.

All valid Orders are displayed anonymously in the Trading System. A HUPX Member may submit multiple Orders regarding the same Contract. For Intraday Contracts Orders sent to HUPX Ltd. shall include at least:

- the Member's identification;
- name of the product, identification as Single Order (quarter of hour) or Block Order;
- the contract the order refers to;
- the Trading Account in which the Order is recorded;
- the volume;
- the maximum or minimum price against which the order may be executed (price limit);
- Order Type (e.g.: limit order (Firm, Fill-or-Kill or All-or-None), Withheld Order, execution restrictions);
- direction of the order – i.e. buy or sell Order.

Article 6.4 Order Origin

An Order is accepted from a Member when the Member's technical identifier is present in the message containing the Order. An instruction by a HUPX Member is technically accepted and proved, if it is issued either by acknowledgment of an acceptance message, by entry or denial

of entry in the Order Book, or by a Transaction. An instruction issued by a HUPX Member can be revoked only as defined in the Market Rules.

Article 6.5 *Order Types*

The Order Types are detailed in the Annex 2. (Operational Rules).

Article 6.6 *Trading Periods*

The market hours for the commencement and the end of trading for all products shall be determined by HUPX Ltd.

HUPX Ltd. may extend or reduce the trading hours as well as the commencement of any of the trading periods to the extent necessary to maintain orderly trading conditions or for reasons relating to the trading systems of HUPX.

The times and frequency of trading sessions may be set at the sole discretion of HUPX Ltd., who may also suspend or halt trading at any point during any session in order to preserve market integrity.

The market hours for continuous market of intraday contracts comprise one plus one consecutive periods:

- Open (Continuous Trading) Session, and
- Halt Session.

Further details are to be found in Annex 2 (the Operational Rules).

Chapter 3 *Rules on Matching*

Article 6.7 *Principle of Continuous market*

The principles applicable to the execution of orders on HUPX Market are:

- Execution happens according to a method that is transparent and described in the Market Rules and must enforce principles which are public;
- Execution ensures an equal playing field for all HUPX Members;
- Execution is compliant with the Orders submitted by the HUPX Members;
- Prices of matched Orders will be visible in the Trading System. Last trade prices and volume weighted average trade prices for the Intraday Contracts will be published at the time of its expiration.

Chapter 4 *Post trade process*

Article 6.8 *Publication of transactions and Data Ownership*

HUPX Ltd. reserves the right to publish the outcome of Trades. The manner, timing and scope of the publication of prices shall be determined by HUPX Ltd.

Published market databases belong to HUPX Ltd., which also determines how they are to be published. Members are authorized to use such databases on an internal basis. Any commercial usage of such market database (including offering derivative or future contracts

derived from underlyings traded on HUPX Market) must be carried out pursuant to a specific contract with HUPX Ltd.

Article 6.9 ***Delivery of Intraday Trades through the scheduling system of MAVIR Ltd.***

The Contracts concluded on the Intraday Market will be physically settled through the balancing group of HUPX IDM as specified in Article 5.12 above according to the rules of intraday balance group schedule modification procedures as specified in the Commercial Code of the Hungarian Electricity System. The financial settlement of Intraday Trades shall take place through the clearing system of ECC in line with the provisions of Article 5.11 above.

Title 7 Clearing Facility of OTC Trades of Intraday Contracts

Article 7.1 Procedure for registering OTC cleared contracts

Provisions related to registering OTC cleared contracts are to be found in Annex 2 (the Operational Rules of HUPX).

Article 7.2 Clearing of OTC Trades

HUPX provides an “OTC clearing facility” to companies, which are admitted as Members in Intraday. The OTC clearing facility is defined as the bilateral exchange of trades concluded outside the HUPX Market. The entry of these trades as OTC trades into HUPX Intraday trading system requires mutual consent for trades in question and is carried out subject to the conditions listed herein below. OTC trades can be entered into the system either:

- by one of the involved parties,
- through a HUPX operator.

The involved parties may request HUPX to enter the OTC trade via registered email address of the trader.

Conditions of OTC trades

An “OTC trade” within the meaning of these terms and conditions is considered to exist if the HUPX Members and/or their customers have agreed on the purchase and/or sale of one of the Contracts approved for the OTC clearing facility of the HUPX Market, if the characteristics of said agreements correspond to the respective contract of HUPX Intraday Market and if the Price agreed on is permissible.

The transaction-receiving Member can either accept or reject an OTC trade entered for registration by its counterparty. OTC trades, which are entered into HUPX system with the help of the OTC clearing facility, are not anonymous for the respective parties to the contract. After OTC trades have been entered, the participants in the OTC clearing facility receive a trade confirmation. In this confirmation the OTC trades are expressly specified as Off-market trades since the OTC trades are not Trades concluded on the HUPX Market. Upon entry of an OTC trade with a valid price, which is confirmed by the other party, the regulations regarding the conclusion of trades and regarding the contractual obligation of the Clearing Conditions of the Clearing House shall apply accordingly with regard to the contractual relationships between the Clearing House and the HUPX Members involved in the OTC trade and/ or their Clearing Members.

In addition, the terms and conditions of the Clearing Conditions of the Clearing House in the respectively valid version shall apply with regard to the Settlement and provision of security for the OTC trades entered. If OTC trades do not correspond to the specifications and requirements referred to in these terms and conditions or in case a participant does not fulfill the other conditions for participation, the Clearing House is entitled to reject the clearing of the entered OTC trade in a manner binding on both parties and on HUPX Ltd. HUPX Ltd. shall not be liable for such decision of the Clearing House, and HUPX Members shall accept and take the risk of such rejection of the clearing of entered OTC trades by the Clearing House.

ANNEX 1: ORGANIZED-MARKET COMMITTEE (OMC) ELECTION RULES

Title 1 Election Procedure for the Organized-Market Committee

Chapter 1 Introduction of the Organized-Market Committee

The first Organized-Market Committee shall consist of (i) the representatives of the Market Makers; (ii) the representative of the Hungarian Energy Traders' Association; and (iii) the rest of the nine (9) OMC Member positions shall be filled by other members appointed by HUPX Ltd. (The representatives of the Market Makers, the representative of the Hungarian Energy Traders' Association and the other members appointed by HUPX Ltd. hereinafter jointly referred to as the "**OMC Members**"). In case Market Makers or Hungarian Energy Traders' Association refuse to delegate representatives then their seats shall be filled by representatives of other HUPX Members.

These election rules (hereinafter the "**Election Rules**") set out the procedure for any election of the OMC Members if at least one (1) OMC Member position becomes vacant for whatever reasons at any time after the first Organized-Market Committee has been established

Chapter 2 Returning officer

HUPX Ltd., bestowed with the liability to ensure the proper functioning of HUPX Markets shall be the returning officer (i) for any election of the OMC Members; and (ii) for any procedure for amendments to these Election Rules.

Chapter 3 Nominations and appointments

Section 1 Nomination

If at least one (1) OMC Member position becomes vacant for whatever reasons at any time after the first Organized-Market Committee has been established and the vacancy is not subject to appointment, HUPX Ltd. shall request nominations (hereinafter the "**Nominations**") to fill such vacancy within thirty (30) business days upon the occurrence thereof.

The nomination requests shall be made by HUPX Ltd. giving notice to all HUPX Members in accordance with Chapter 6 herein and shall include a nomination form (hereinafter the "**Nomination Form**") with the form and content attached hereto as ANNEX 1 to the OMC Election Procedure.

Each HUPX Member shall qualify as an eligible voter (hereinafter the "Eligible Voter") and is entitled to nominate a number of nominees corresponding to the number of the vacant OMC

Member position(s). The Nominations shall be (i) made in writing; (ii) signed by the authorized representative of the nominee; (iii) signed by the authorized representative of the Eligible Voter making the nomination; and (iv) on a Nomination Form which includes details as to how the nominee fulfills the membership criteria specified in Chapter 4 herein.

The Nomination Form shall be submitted to HUPX Ltd. to the attention of the person and at the address specified in the Nomination Form until the return date (hereinafter the "Return Date").

Section 2 Appointment

OMC Member positions reserved for Market Makers and the representative of the Hungarian Energy Traders' Association whose delegates are selected through appointment procedure (hereinafter the "Appointment"). Market Makers and Hungarian Electricity Traders Association are eligible appointers (hereinafter the "Eligible Appointers") who shall appoint an OMC Member whenever vacancy occurs in their own reserved places.

In case new Market Maker appears on HUPX markets, the new Market Maker is entitled to appoint a new OMC Member. In such cases the number of OMC Members will be temporarily higher than nine (9). Should an OMC Member finish its OMC membership term or be resigned or removed by the Nominator or Appointer the OMC Member will only be replaced in case the nine OMC Member positions are not filled.

Chapter 4 Member qualifications

The Eligible Voters shall ensure that a nominee for the vacant OMC Member position can completely fulfill the role of an OMC Member and has:

- (i) knowledge of and experience with the national electricity market;
- (ii) experience with and skills in resolving issues, by making decisions, in a competent manner;
- (iii) knowledge and understanding of the Market Rules and the related legislative and regulatory framework;
- (iv) to be delegated by a HUPX Member.

During the qualification process HUPX Ltd. ensures that the OMC as a whole has sufficient market specific knowledge of all HUPX Markets to be able to fulfill its consultative role. HUPX Ltd. may decide to qualify nominees specialized in an underrepresented market in case of an unbalanced representation of markets in the OMC.

During the qualification process HUPX Ltd. is responsible for ensuring the representation of the full diversity of HUPX Members in the OMC (e.g. by preventing excess representation of a company group, or by prioritizing a nominee from a special segment of HUPX Members in case this segment is not or not enough represented).

Chapter 5 Elections

Section 1 Appointment if the number of qualified nominees is equal to or less than the number of vacancies

If the number of nominees fulfilling the qualifications for an OMC Member is less or equal to the number of vacancies, HUPX Ltd. shall determine those nominees to have been successfully elected to be OMC Members.

If the number of the nominees fulfilling the qualifications for an OMC Member is less than the number of the vacancies, HUPX Ltd. shall inform the Eligible Voters and give them five (5) business days to provide additional Nominations in accordance with Chapter 3 herein.

If no further Nominations are made, HUPX Ltd. shall be deemed to have satisfied its obligation under the Market Rules to establish the Organized-Market Committee and HUPX Ltd. shall inform the Eligible Voters by way of a notice that the election has failed.

Notwithstanding the election has failed, at least 75% of the Eligible Voters shall be entitled to ask HUPX Ltd. to request further Nominations relating to the OMC Member position(s) that has not been filled in the course of the procedure set out previously in this section. This right can be exercised by such Eligible Voters within six (6) months after the date of the notification given on the failed election. HUPX Ltd. shall comply with such request in accordance with Chapter 3 herein.

Section 2 Election of OMC Members if the number of Nominations is more than the number of vacancies

If the number of nominees fulfilling the qualifications for an OMC Member is more than the number of vacancies, HUPX Ltd. shall prepare and distribute to the Eligible Voters:

- (i) a ballot paper, listing the nominees in alphabetical order; and
- (ii) a biography for each nominee prepared by that nominee and addressing criteria detailed in Chapter 4 herein**

In order to be counted, the ballot paper shall be completed as per any instructions accompanying the ballot paper and served on HUPX Ltd.:

- (i) by 5 pm on the Return Date;**
- (ii) to the person noted as the person to whom the ballot paper should be returned; and
- (iii) at the address noted as the address for the return of the ballot paper.**

The number of votes that can be cast to the nominees by each Eligible Voter shall correspond to the number of the vacant OMC Member position(s).

Voting by each Eligible Voter shall be by way of a mark in the box against the name of the nominees.

If a ballot paper contains more marks against the names of the nominees than the votes that can be cast or the intention of the Eligible Voter is otherwise unclear, such vote shall not be valid and shall not be included in any count.

Section 3 **Determination and publication of results**

HUPX Ltd. shall determine those nominees which have been successfully elected to be OMC Members within ten (10) business days of the Return Date, as follows:

- (i) the nominee who receives the highest number of votes shall be elected as an OMC Member;
- (ii) and so on until all vacancies are filled.

If there is an equal number of votes for two (2) or more nominees, if there are sufficient vacancies, each of those nominees shall be elected in priority to a nominee who has received fewer votes. If there are insufficient vacancies, HUPX Ltd. shall place the names of the nominees receiving equal number of votes in a container and without favor randomly draw a name and that nominee shall be appointed as an OMC Member. Such procedure shall be repeated until all vacancies are filled.

HUPX Ltd. shall within five (5) business days of the count in Chapter 5 Section 2 herein publish the results of the election.

Chapter 6 **Notices**

HUPX Ltd.

Any Nomination Form or ballot paper issued by HUPX Ltd. shall provide the details of the Return Date and the person to whom the Nomination Form or ballot paper should be returned, including their:

- (i) name;
- (ii) contact details (including a fixed and mobile phone number, postal and an electronic mail address).

The Return Date for a Nomination Form shall be a date which is not more than twenty five (25) business days from the date of dispatch of a Nomination Form by HUPX Ltd.

The Return Date for a ballot paper shall be a date which is at least seven (7) business days from the date of dispatch of a ballot paper by HUPX Ltd.

Representatives of Eligible Voters

On the side of the Eligible Voters the person appointed to be membership contact by the HUPX Member during the admission process (hereinafter the “Membership Contact”) is entitled to act as the representative of the Eligible Voters in accordance with the OMC election procedure.

HUPX Ltd. shall be deemed to have complied with its obligations set out in these Election Rules when it serves notices to the Membership Contact. If an Eligible Voter has not complied its obligation to keep its contact details up-to-date, HUPX Ltd. shall not be responsible for that Eligible Voter failing to be aware of a notice.

Service of notices

Any notice required by these Election Rules to be given by HUPX Ltd. to an Eligible Voter may be given by:

- (i) serving it to the Membership Contact personally;
- (ii) sending it by prepaid post addressed to the Membership Contact’s notified address; or
- (iv) sending it by electronic mail to the Membership Contact’s notified electronic mail address.

Any notice served to the Membership Contact personally is deemed to have been served when delivered.

Any notice sent by post is deemed to have been served forty-eight (48) hours after the envelope containing the notice is posted; and in proving service, it is sufficient to prove that the envelope containing the notice was properly addressed and posted.

Any notice served to the Membership Contact by electronic mail is deemed to have been served when the electronic mail is sent, provided that the sender has not received electronic notification that the electronic mail was not deliverable or otherwise not successfully delivered to its intended recipient.

Any notice to be served to HUPX Ltd. other than a Nomination Form or a ballot paper shall be served on the Chief Executive Officer (however titled).

The above rules on serving notices apply to any notice to be given or served on HUPX Ltd. or a person nominated by HUPX Ltd. (with any necessary amendments being made).

Chapter 7 Term, removal, replacement and resignation

The Market Makers shall be deemed to be OMC Members until their market maker status exist under the provisions of the Market Rules. If a Market Maker loses its market maker status under the provisions of the Market Rules, Chapter 3, 4 and 5 herein shall be applied accordingly, provided, that the OMC Member replacing the Market Maker losing its market maker status shall be elected for a period of two (2) years.

Members of the first OMC other than the Market Makers and the representative of the Hungarian Energy Traders' Association have been appointed by HUPX Ltd. until 31 December 2012. Thereafter, the OMC Members other than the Market Makers and the representative of the Hungarian Energy Traders' Association shall be elected for a period of two (2) years.

An OMC Member who no longer meets the criteria set out in Chapter 4 herein shall immediately resign as an OMC Member. HUPX Ltd. will act on notification of resignation under this Clause served to it by the Organized-Market Committee. An OMC Member nominated by an Eligible Voter may be removed as an OMC Member by that Eligible Voter if the Eligible Voter believes the OMC Member no longer meets the criteria set out in Clause 4 herein. HUPX Ltd. will act on notification of removal under this Clause served to it by the Organized-Market Committee.

HUPX Members that delegated an OMC Member shall be entitled to replace the OMC Member with another person on their own decision, which person shall also comply with the criteria after a formal approval of HUPX Ltd. according to the qualification rules set out in Chapter 4.

If the OMC member's employment relationship terminates at the HUPX Member organization before the expiry of the mandate, the organization is entitled to designate a new employee to the vacant OMC position for the time interval remaining from the mandate. If the HUPX member does not designate a new OMC member on its own the vacancy shall be filled using the Election Rules described in Chapters 3 and 4 herein.

Any vacancy on the Organized-Market Committee arising under this Clause shall be filled using the Election Rules described in Chapters 3 and 4 herein.

Title 2 ANNEX 1 to the OMC Election Rules

Nomination / Appointment Form

This Nomination/Appointment Form has been issued to you by HUPX Ltd. pursuant to Chapter 3 of the Organized-Market Committee Election Rules.

Please complete this form and return it to:

[insert name of contact person at HUPX Ltd. and contact details for that person]

by no later than 5.00pm (CET) on [insert date].

1. Nominee / Appointed person

(a) Name of nominee / appointed person:

(b) Contact details for nominee / appointed person:

(c) Attach evidence of satisfaction of criteria of Chapter 4 of the Election Rules:

2. Nominator/Appointer

(a) Name of Nominator/Appointer HUPX Member entity:

Signature Nominee / Appointed

Signature Nominator / Appointer

Date

ANNEX 2: OPERATIONAL RULES OF HUPX

Title 1 Contracts and Trading Parameters of Day Ahead Market

Chapter 1 Contracts Specifications

Article 1.1 Trading on HUPX Day-ahead Market

Contracts are traded on HUPX Day-ahead Market via Auction Trading.

Article 1.2 Main data

HUPX CONTRACTS	
Underlying	Electrical power transiting over the Hungarian Transmission System managed by MAVIR Ltd. (the Hungarian TSO), which defines the voltage, frequency, cosine ϕ (displacement factor) and cut-off frequencies, in compliance with the regulations of the Grid Code of the Hungarian Electricity System.
Delivery	Delivery at any injection or withdrawal point on the Hungarian Transmission System.
Negative Prices	Negative prices are authorized where specified below (see minimum and maximum prices). NB: When a contract is traded with a negative price, it is legally regarded as a supply of service (removal service) by the recipient of power to the delivering party and not anymore as a supply of goods by the party delivering the power.

Article 1.3 Product specification

HUPX DAY-AHEAD AUCTION	
General Information	
Trading procedure	Daily Auction
Trading days	Year-round
Tradable Contracts (Expiries)	1 hour of the day Hour 01: the period between midnight and 1:00 am Hour 02: the period between 1:00 am and 2:00 am, and so on and so forth Hour 24: the period between 11:00 pm and midnight
Order Book opening	24 hrs per day starting forty-five days preceding the Delivery Day
Order Book closes	Daily at 11:00 am
Publication time	As soon as possible from 11:40 am

Second Auction	<p>As soon as possible after Order Book closure / Second Auction Publication time: as soon as possible after the Second Auction closure</p> <p>Second auction is triggered if one of the following cases happens during the price calculation for at least one hour:</p> <ol style="list-style-type: none"> 1. there is not any intersection of the market supply curve and the market demand curve 2. the market price exceeds the threshold value: lower than -150 €/MWh or higher than 500 €/MWh
Clearing and Settlement	Trade information transmitted by HUPX to the Central Counterparty, ECC AG for Settlement and Delivery of the Contracts
Delivery procedure	Nomination by HUPX (together with ECC) and by the Balance Group Responsible of the HUPX Member to the TSO (MAVIR Ltd.) on the basis of the regulations of the Commercial Code of the Hungarian Electricity System
Minimum and maximum prices	-500.0 €/MWh / 3000.0 €/MWh
Admissible Orders	<p>Instruments eligible for trading will be all 24* individual hours of the delivery day, which shall be the day immediately following the day of trading.</p> <p>* Exceptions: 23 hours are listed on the day of change to summertime (March), 25 hours are listed on the day of change to wintertime (October).</p>
Price characteristics	In euro per MWh with one decimal digit price tick
Quantity characteristics	in MW with one decimal digit
Single Hours Orders	
Minimum and Maximum numbers of price/quantity combinations for Single-Contracts orders	2 and 256
Block Orders	
Definition	Order on one or several combined Expiries with a minimum of one Expiry of the same Delivery Day. Expiries depend on each other in their execution. Pre-defined block orders exist but HUPX Members are not restricted in the determination of the Block Orders.
Pre-defined block orders	<p>The following Block Orders are pre-defined in the system:</p> <ul style="list-style-type: none"> ➔ Block Baseload covering hours 1 to 24 ➔ Block Peakload covering hours 9 to 20 ➔ Block Off-peak 1 covering hours 1 to 8 and 21 to 24 <p>Additionally, user defined Block Orders may be determined consisting of both continuous and discontinuous blocks.</p>
Specific conditions	➔ All-or None

	<ul style="list-style-type: none"> → The maximum volume for a Block Order shall be set out in a Market Notice → The maximum number of Block Orders per Delivery Day and per portfolio that can be entered by the HUPX Members shall be set out in a Market Notice → Rules for submitting and nature of Conditional Block Orders shall be set out in a Market Notice
--	--

Chapter 2 Auction trading on HUPX Day-ahead Market

Article 1.4 Trading limits

In order to enhance the confidence in the integrity of the Day-Ahead Market (DAM) maintained by HUPX, HUPX Ltd. may at all times set and modify Trading Limits for a DAM Product, a group of DAM Products, an individual Member, an individual user or a group of Members. Trading limits are to be assigned to the HUPX Members on the request of the Clearing Members in accordance with the provisions by the Clearing House on the basis of the risk assessment effected by the Clearing Members.

HUPX Members are not allowed to exceed their Trading Limit. If certain limits – determined in an agreement between the Member and its Clearing Member – are exceeded further entering or execution of orders can be limited for the duration of the exceedance, and open orders can be deleted from the trading system.

Specific conditions and guidelines on trading limit handling shall be communicated to the HUPX Members in form of a Market Notice with validity date at least 5 trading days later than the date of issue.

Article 1.5 Order Categories

Single-Contract Orders

Single-Contract Orders relate to one Contract only. They shall be submitted using a form that can contain up to 24 Orders for all 24 Contracts of the same Delivery Day. For each Trading Account, the last Single-Contract Order sent is the one that is valid.

Non-monotonous Single-Contract Orders are forbidden. Thus:

- in the case of a Single-Contract selling Order for a given hour, quantity and Price:
 - for a quantity which is higher than the given quantity, the corresponding Price must be higher than the given Price,
 - for a quantity which is lower than the given quantity, the corresponding Price must be lower than the given Price;
- in the case of a Single-Contract buying Order for a given hour, quantity and Price:
 - for a quantity which is higher than the given quantity, the corresponding Price must be lower than the given Price,

- for a quantity which is lower than the given quantity, the corresponding Price must be higher than the given Price.

Block Orders

Block Orders shall contain one price per Order but different quantities for each Contract, subject to the matching rules specified in articles 1.5 to 1.6 of these Operational Rules. They can only be totally matched with Block Orders or with the same combination of individual hours.

Specifications of block orders not defined in Articles 1.3 and 1.5 (such as but not limited to maximum allowed number and size of block orders, and rules for submitting and nature of Conditional Block Orders) shall be determined by the corresponding Market Notice with validity date at least 5 trading days later than the date of issue.

Order specifications

Orders are buy and/or sell orders of HUPX Members. The following types of orders may be entered into the respective trading systems:

- unlimited orders (market orders or price-independent orders) are buy or sell orders without a price limit and are executed at the price determined by the trading system. Unlimited order can be submitted by a HUPX Member for trading portfolios or by HUPX market operator for physical delivery portfolios.
- limited orders (limit orders) are buy or sell orders with a price limit which are executed at the specified price or better. Limit orders can be submitted only for trading portfolios.

Mandatory Content

Regarding limit orders, prices must be included between a minimum and a maximum price specified in the Contract specifications.

Regarding the price-independent orders, they must contain only the minimum and the maximum prices and the same quantity for these two prices.

The side of the market (buy or sell) is expressed by means of a signed quantity, namely “+” for “buy” and “-” for sell. The prices are deemed to be exclusive of any taxes (especially value added tax and any power tax due), and fees or any similar costs.

Order validity

The Orders sent to HUPX Ltd. by HUPX Members remain in the Order Book until:

- the Order is cancelled by the Member that placed it or
- the Member places a new Single-Contract Order relating to the same Contract or
- the Member modifies the Order or
- the Order is executed.

Article 1.6 *Order Matching and Processing*

Transmission of Orders

Orders are sent electronically via an electronic interface to the Trading System for Matching and execution.

HUPX Members will receive an acknowledgement message indicating that the Order has been correctly registered in the Order Book.

This article is not applicable for the entity when acting as Implicit Participant.

Order Book

The Order Book and the transactions are anonymous.

Closure of the Order Book may be postponed to the extent that this does not affect the time at which the Auction outcome is published, as provided for in Article 1.8 hereunder.

Once the Order Book is closed, Orders may not be modified or cancelled and are irrevocable.

Determining Auction Prices and Quantities and Net Positions

The Auction takes place daily, after the Order Book has closed. The price corresponds to the matching of Members' aggregate supply and demand curves of both Single-Contract Orders and Block Orders for each Contract. The Price determined by the Algorithm at the time of Auction is the Price at which all Trades will be executed.

For Price determination purposes, the Member's interest is assumed to be linear between two price/quantity combinations.

Market Coupling calculation ensures the efficient electric energy and cross-border transmission capacity allocation on the Coupled Markets and on the involved interconnections using all the orders from each Coupled Markets and the respective cross-border transmission capacity data by means of price coupling.

The Price determination Algorithm aims at optimizing the total welfare, i.e. the seller surplus, the buyer surplus and the Congestion Rent (if applicable). The presence of All-or-None Block Orders in the order book makes necessary the use of a specific search algorithm, in order to determine a market clearing Price.

The problem can be formulated as a Mixed Integer Quadratic Program (MIQP) allowing modeling the All-or-None condition of Block Orders. The state-of-the-art method used to solve MIQP is called branch-and-bound. The Algorithm has been designed as a branch-and-bound algorithm for solving the MIQP corresponding to the Order Matching Problem. The Algorithm consists of a systematic enumeration of all candidate solutions, where large subsets of fruitless candidates are discarded en masse, by using upper and lower estimated bounds of the quantity being optimized and adding constraints (or cuts). The Algorithm proceeds step by step. At the first step, the Algorithm will allow all Block Orders to be partially executed. In the next steps, the Algorithm will enforce the Block Orders as rejected or executed one by one in order to obtain a solution which respects the All-or-None condition of Block Orders. At a given step, two situations can occur:

- The Algorithm has produced a solution in which some Block Orders are either fully executed or rejected and some Block Orders are partially executed. Since it contains partially executed Block Orders, it is called a partial solution. The property of this partial solution is that its objective value is an upper bound of the welfare of any solution that could be produced by completing this partial solution. Two cases can occur:

- Sub-case A: If the upper bound associated to this partial solution is smaller than the welfare of the best solution already found by the Algorithm, the Algorithm will discard this partial solution and will not consider it any more.
- Sub-case B: Otherwise, the Algorithm will select a Block Order partially executed and create two new steps to be analyzed: in the first of these new steps, the Block Order is enforced to be executed, and in the second one it is forced to be rejected.
- The Algorithm has produced a solution in which all Block Orders are either fully executed or fully rejected (even those that were not enforced). In this case, the Algorithm must still check whether there exist Prices that are compatible with this solution and with the constraints (which is done by verifying that all properties set out in *Outcome properties* are satisfied). Two cases can occur:
 - Sub-case C: If such prices exist, the Algorithm has found a feasible solution. If this solution is better than the best one found so far, it is marked as such. The Algorithm will proceed a new step by examining a new partial Block Orders selection if any remains pending.
 - Sub-case D: If no such prices exist, then a new step is created with a transformed problem containing additional constraints to exclude this non feasible solution.

During the course of its execution, the Algorithm might sometimes increase the number of partial Block Orders selections that it has yet to consider (e.g. sub-case b) or reduce it (subcases a and c). When there remains none, this means that the Algorithm has finished and has found the best possible solution. Possibly, the Algorithm will reach the time limit although there remain some partial solutions that were not analyzed. In this case, the Algorithm will output the best solution found so far.

Because of the iterations of the Auction algorithm, it may happen that Block Orders are not executed even though their Price would have permitted execution at the market clearing Prices. The reason for this is that when carrying out a price calculation, which takes the Block Order into account, the Price is influenced to such an extent that the limit criteria of the Block Order is not fulfilled. However, should the Block Order be withdrawn, the determined Price changes, so that the limit criterion is fulfilled. However, the Algorithm discards during its computation the solutions with paradoxically rejected blocks which Price is significantly better than market clearing Price.

Outcome properties

- Single-Contract sell Orders shall not be executed for quantities offered, above the market clearing Price.
- Single-Contract buy Orders shall not be executed for quantities bid, below the market clearing Price.
- Single-Contract sell Orders shall be executed for quantities offered, strictly below the market clearing Price.
- Single-Contract buy Orders shall be executed for quantities bid, strictly above the market clearing Price.

- Single-Contract Order may not be executed or may be partially executed for quantities offered or bid, at a Price equal to the market clearing Price.
- A block sell Order shall not be executed when its Price is higher than the volume-weighted average market clearing Prices for the hourly Contracts to which it relates.
- A block buy Order shall not be executed when its Price is lower than the volume-weighted average market clearing Prices for the hourly Contracts to which it relates.
- Block Orders are executed for their full quantity only.
- Orders may not be executed for quantities greater than the quantity named in the Order.

Additional outcome properties for price coupling type of Market Coupling

The following properties must be satisfied for each Contract:

- The absolute value of the sum of Net Positions of the Coupled Markets is zero.
- The result calculated for the Implicit Participant has to be smaller than or equal to the relevant cross-border available transfer capacity.
- The Market Price on the import side of an interconnection is more than or equal to the Market Price on the export side of the interconnection.
- Whenever the result calculated for the Implicit Participant is strictly smaller than the relevant cross-border available transfer capacity value, then the clearing prices on both sides of the border are equal.
- On each market the sum of Cross Border Flows shall be equal to the Net Position which is equal to the volume to be cleared and settled via ECC.

Due to the nature of mathematical rounding of the results in certain cases a rounding difference may occur on markets having more than one border included in Market Coupling. This difference shall be handled on national level. In case of the Hungarian Market Area this difference shall be allocated to the Implicit Participant.

Determining Quantities Allocated in respect of Single-Contract Orders

The quantities bought and sold by HUPX Members for each Trading Account shall be determined by linear interpolation at the non-rounded Price determined by the Auction.

Once the quantities have been determined using the non-rounded Price, the Price is rounded by the Trading System.

Prices determined by the Auction are commercially rounded off:

- To two digits after the decimal point.

Quantities bought and sold are commercially rounded off:

- To one digit after the decimal point.

In the event of a difference between total purchase and sale quantities that results from the rounding rules, the residual quantities shall be reallocated to HUPX Members on a per-Trading Account basis by successive allocations of one unit of volume.

Article 1.7 **Second Auction Procedure**

If the market is in Curtailment (imbalance of purchases and sales leading to out-of-scale prices) or if the auction can lead to a Price that can be considered as abnormal (the market price exceeds the threshold value defined in the Contract Specification) then HUPX may trigger a Second Auction. In this case, it will inform all HUPX Members that:

- in case of high prices, more volume for sale, less volume for purchase, and/or a lower price
- in case of low prices, more volume for purchase, less volume for sale, and/or a higher price

are called on one or several specific hours and

- the Order Book will reopen in order to leave enough time to Members to modify or delete their Orders or submit new ones.

During the reopening of the Order book, the modification or deletion of existing Orders and/or the submission of new Orders (whether Single-Contract Orders or Block Orders) which do not improve the prices or balance of the market for the critical hours are forbidden.

Block Bid modifications or new Block Bids which include the critical hours and aim to improve prices or balance of those are considered compliant with the Market Rules.

If Second Auction is applied on a coupled Market Area, then the other Coupled Markets must be informed. Coupled Markets shall inform their own members and delay accordingly the gate closure of their own Order Book.

If in spite of the Second Auction procedure, purchase and sale quantities still cannot be filled in their entirety at the maximum or the minimum Prices specified in the Orders, all block Orders which contain the respective hour(s) and which unfavorably influence the determination of intersections between the sales and purchase curves may be rejected and quantities will be allocated in proportion to buyers' and sellers' Single-Contract Orders.

Article 1.8 **Outcome and Publication of the Outcome**

The outcome of the Auction is made available not earlier as mentioned in the contracts specifications (Chapter 1 above). The Auction outcome includes:

- the Price and total quantity executed for each Contract,
- the purchase and sale quantities relating to Trades, per Contract and Trading Account.

HUPX Ltd. sends Members a trade confirmation containing the following information:

- the Price and total quantity determined by the Auction algorithm for each Contract,
- Trades , per Contract and Trading Account,
- the Trades summary for Block Orders.

Once the outcome is published and validated, Members agree to be bound by the terms of the Trades that they have effected in the Contracts.

Members are deemed to have taken note of the outcome as soon as it is made public.

After the market has been closed and the auction price has been calculated the Order Book will be checked for non-compliance with the Market Rules, and the appropriate sanctioning may be performed, if necessary. If any non-compliant bids are entered during the Second Auction Procedure, the HUPX Member will be sanctioned for not complying with the Market Rules and its Code of Conduct. The applicable procedure in case of non-compliance and the form of the sanctioning shall be determined by the corresponding Market Notice. Such Market Notice shall be issued after prior opinion of Organized-Market Committee with validity date at least 5 trading days later than the date of issue. The value of the fines (if applicable) will be defined in the Market Notice on the Price List of HUPX Day-Ahead Market. Applicable sanctions beyond the above fines are set out in Article 2.22 of the Market Rules.

Article 1.9 ***Postponing Closure of the Order Book, the Auction or Publication of the Outcome***

If an exceptional situation arises, in particular if a system or the information needed to hold an Auction is unavailable or if an incident prevents the Order Book from being closed or the Auction from being held under normal circumstances, HUPX Ltd. may take the following measures:

- modify the time at which the Order Book is closed or the outcome is published,
- authorize the participant HUPX Members to submit new Orders or to modify existing Orders; in this situation, HUPX Ltd. will provide Members with a new closing time for the Order Book.

If an exceptional situation arises, Members will be notified of this by email, by a message on the trading System or by a message on HUPX website. HUPX Ltd. shall not be liable for the consequences of its measures taken on the basis and in accordance with the regulations of present article.

Title 2 Contracts and Trading Parameters of Continuous Intraday Market

Chapter 1 Contracts Specifications

Article 2.1 Trading on the HUPX Intraday Market

Intraday Contracts are traded on HUPX via Continuous Trading in the Open (Continuous Trading) Session.

Article 2.2 Basic Data

HUPX INTRADAY CONTRACTS	
Underlying	Electrical power transiting over the Hungarian Transmission System managed by MAVIR Ltd. (the Hungarian TSO), which defines the voltage, frequency, cosine ϕ (displacement factor) and cut-off frequencies, in compliance with the regulations of the Grid Code of the Hungarian Electricity System.
Delivery	Delivery at any injection or withdrawal point on the Hungarian Transmission System.
Negative Prices	Negative prices are authorized where specified below (see minimum and maximum prices). When a contract is traded with a negative price, it is legally regarded as a supply of service (removal service) by the recipient of power to the delivering party and not anymore as a supply of goods by the party delivering the power.

Article 2.3 Product Specification

HUPX INTRADAY MARKET	
General Information	
Trading procedure	Continuous
Trading days	Year-round
Tradable Contracts	Quarter hourly (15 min.) For an hour (e.g. Hour 01), the following 15-minute contracts will open per the corresponding hour: 00:00-00:15 00:15-00:30 00:30-00:45 00:45-01:00
Trading session opens	24 hours a day Contracts for the next day open at 3:45 pm
Clearing and Settlement	Trade information transmitted by HUPX to the Central Counterparty, ECC AG for Settlement and Delivery of the Contracts

Delivery procedure	Nomination by HUPX (together with ECC) and by the Balance Group Responsible of the HUPX Member to the TSO (MAVIR Ltd.) on the basis of the regulations of the Commercial Code of the Hungarian Electricity System
Minimum and maximum prices	-9999.0 €/MWh / 9999.0 €/MWh
Admissible Orders	<p>Delivery or purchase of electricity with a constant output during the quarter of an hour* in the Hungarian Electricity Transmission Grid owned by MAVIR. 96 consecutive trade contracts** are available for a day.</p> <p>* four 15-minute contracts of the respective hour (e.g. hour 01 it will be 00:00-00:15, 00:15-00:30, 00:30-00:45, 00:45-01:00)</p> <p>** Exceptions: 92 quarter hours are listed on the day of change to summertime (March), 100 quarter hours are listed on the day of change to wintertime (October).</p>
Trading closes	90 minutes before delivery
Price characteristics	In euro per MWh with two decimal digit price tick
Quantity characteristics	in MW with one decimal digit
Minimum price increment	0.01 €/MWh
Minimum Volume	0.1 MW
Block Orders	
Definition	Block Orders combine several Expiries with a minimum of two contiguous Expiries which depend on each other in their execution. Pre-defined Block Orders exist but HUPX Members are not restricted in the determination of the Block Orders.
Pre-defined block orders	<p>The following Block Orders are pre-defined in the system:</p> <ul style="list-style-type: none"> → Individual hours → Block Baseload covering hours 1 to 24 → Block Peakload covering hours 9 to 20
Specific conditions	<p>In case of Hourly Block Orders:</p> <ul style="list-style-type: none"> → No execution restriction (NON) → Immediate-or-Cancel (IOC) → Fill-or-Kill (FOK) <p>In case of other Block Orders:</p> <ul style="list-style-type: none"> → All-or-None (AON) → Fill-or-Kill (FOK)

Chapter 2 Trading on intraday market of HUPX

Article 2.4 Trading Limits

In order to enhance the confidence in the integrity of the intraday market maintained by HUPX, Trading Limits can be assigned to the HUPX Members on the request of the Clearing Members or the Clearing House on the basis of the risk assessment effected by the Clearing Members or the Clearing House. The Trading Limit is a limit established by means of a monetary value within which the HUPX Member can trade contracts. Notification on changes to a HUPX Member's trading limits can be found in the trading system.

HUPX Members are not allowed to exceed their Trading Limit.

Specific conditions and guidelines on Trading Limit handling shall be communicated to the HUPX Members in the form of Market Notices with validity date at least 5 trading days later than the date of issue.

Article 2.5 Trading sessions

Trading on the intraday market of HUPX takes place during the following official market sessions:

Open (Continuous Trading) Session

During the Open (Continuous Trading) Session Traders of the HUPX Members may submit orders into the order book, which will match when bids and offers are equal or overlap in price. OTC trades can be reported for clearing. Self-trades are not permitted.

Halt Session

In the event of a threat to the integrity or orderly and fair operation of the market, HUPX Ltd. can suspend the trading session.

The Halt Session can be scheduled by HUPX Ltd. instantly if necessary to close the market, for example in response to extraordinary market events. At the end of the Halt Session, the system can be quickly return to Open Session.

- All contracts are switched to withheld status.
- Relevant messages are communicated to Members.
- Statuses of all contracts are changed to "HALT".
- Contracts cannot be traded, OTC registration is not available.
- After the market is set to trading, all withheld orders can be re-activated by its owner (unless the contracts have expired in the meantime).

Article 2.6 Trading Days and Hours

The order book is open twenty-four (24) hours a day throughout the year except for maintenance periods or unless otherwise decided by HUPX Ltd. and duly announced to Exchange Members.

Article 2.7 Anonymity

The Orders and Trades are anonymous.

Article 2.8 **Order description**

An Order is an offer to conclude a Trade with the terms and validity conditions of which are set forth herein.

An Order is firm with a specified quantity and price in certain Contracts. It can be either a buy Order with a maximum price or a sell order with a minimum price. Each Order must be made in a multiple of the minimum trading amount and at a limit price that is a multiple of the minimum tick size as these are specified in the Product Specifications.

All valid Orders are displayed anonymously in the Trading System. A HUPX Member may submit multiple Orders for the same Contract.

For Contracts, Orders sent to HUPX shall include at least:

- a) the Member's identification;
- b) Contract;
- c) validity;
- d) execution restriction;
- e) the volume;
- f) the maximum or minimum price against which the Order may be executed;
- g) market area
- h) Order Type;
- i) direction of the order – i.e. buy or sell Order.

Article 2.9 **Order types**

The following Order Types are supported by the trading system of HUPX. At the HUPX Members' discretion, the following conditions may be attached to an order.

Orders are visible for the market, hence will be considered in the order matching process. Orders specify a quantity and a limit price.

The limit price is:

- a) the maximum price above which a buy Order cannot be executed, or
- b) the minimum price below which a sell Order cannot be executed.

The limit price must be:

- a) lower than the price of the best opposite Order in the Order Book in case of a buy Order, in case it is not the first Order in the Order Book,
- b) higher than the price of the best opposite Order in the Order Book in case of a sell Order in case it is not the first Order in the Order Book.

These Orders can only be executed at their specified limit price or at a best price, i.e.: less than, if it is a bid, or greater than if it is an offer. Order types:

- a) "Regular": until filled / removed / expired

- b) “Iceberg”: orders may be submitted with partially hidden quantities. The specified part of the hidden quantity will be disclosed to other Members, and receive the time stamp of the time of disclosure, as soon as the part that had already been disclosed has been executed. The HUPX Member specifies the total quantity and the initial quantity:
- i. the first Order relates to the initial quantity;
 - ii. the hidden quantity is then executed through a series of Orders. Each Order relates to the same quantity as the initial quantity. Each successive order is treated as a new Order in terms of priority in the Order Book.

Article 2.10 *Withheld orders*

A withheld order is an inactive stance of an Order entered into the Trading System, which is either due to the act of its owner, or due to any unforeseen malfunction that caused the halting of the trading.

Withheld orders are not visible for the market, hence will not be considered in the order matching process.

Withheld orders can be activated by the Trader, unless the Order has reached its maturity or has been cancelled or deleted.

Article 2.11 *Validity of orders*

The following validity periods may be defined during which the Orders remain active unless cancelled by the HUPX Member:

- a) Good until cancelled: the Order stays valid until the Contract expires;
- b) Good until date: the Order stays valid until the specified date-time indicated.

Orders can be modified, withheld or deleted as long as no matching has taken place. If an order has been matched partially, then only the unmatched part can be modified, withheld or deleted.

For each Contract, Orders will be ranked by the Trading System according to their Best Price and, further according to the time of entry as a firm order in the Trading System. Any modification in an Order will result in a new time of entry, with the exception of the case set out in Article 2.14.

An Order remains in the Trading System of HUPX up to the time:

- a) it is matched;
- b) it is withheld, deleted or modified by the HUPX Member;
- c) it is withheld, because the HUPX Member is disconnected;
- d) it is withheld or deleted by HUPX Ltd. because of the expiration or suspension of the Product, or because of termination of the Membership Agreement with the HUPX Member or suspension of the HUPX Member; or any other reason pursuant to the provisions of the Market Rules of HUPX.

Article 2.12 **Execution restrictions**

- a) No execution restriction: until filled / removed / expired
- b) Fill-or-Kill: The order is either immediately and entirely executed or cancelled in its entirety.
- c) Immediate-or-cancel: The order is executed immediately to its maximum extent. In case of a partial execution, the remaining volume is removed from the order book.
- d) All-or-None: the order has to be executed in its entirety, no partial execution available.

Article 2.13 **Submission of Orders**

HUPX Members may submit Orders described by the Market Rules into the Order Book.

Article 2.14 **Modification of Orders**

HUPX Members may modify Orders while they remain in the Order Book.

Orders may be modified in respect of the price and the quantity, subject to the following criteria:

- a) A modification in price or an increase in quantity imply a new time of introduction, losing the time priority of the original Order;
- b) A modification implying only in a reduction of the quantity has no effect on the time of introduction of the Order, keeping its time priority.

Article 2.15 **Withholding of Orders**

A HUPX Member may change the status of the Order from active to withheld status and vice versa.

Article 2.16 **Cancellation of Orders**

HUPX Members may cancel their Orders that have not been executed as well as the remaining balance of those that have been partially executed.

Article 2.17 **Order management in case of technical problems**

In case there is a temporary difficulty for accessing the Trading System of HUPX due to technical problems at the HUPX Member, the HUPX Member may request HUPX Ltd. the submission, modification or cancellation of Orders entered by the given HUPX Member exclusively from its registered e-mail address. Any request submitted by any other means are rejected.

After receipt of that request, HUPX shall provide its best efforts in order to implement, as soon as possible, the request submitted by the HUPX Member, however HUPX shall not be liable for the timely implementation of the request.

After the request has been executed or in case that execution is not possible, HUPX Ltd. notifies the HUPX Member thereof. The HUPX Member is obliged to accept the outcome of the activities undertaken on its behalf by HUPX.

HUPX will use this power in a non-discriminatory way and only as long as the HUPX Member is unable to place the orders in the Trading System itself. The HUPX Member,

who has requested HUPX Ltd. to place orders in the Trading System on its behalf, will inform HUPX forthwith as soon as the reason for its inability to place orders in the Trading System has been remedied.

Article 2.18 *Rules on matching*

Trades on HUPX are affected by matching Orders entered in the Order Book by HUPX Members. Combination of two compatible opposite Orders leads to a Trade. **Matching** is based on prices specified in the Orders, they are arranged in the Order Book on the following basis:

- by side (bid or ask),
- by limit price,
- by quantity,
- by specific conditions,
- by time of reception.

The trade is concluded in the moment the Trading System registers the matching.

If an Order has been matched, then the remainder, if any, of that Order will retain the time priority originally assigned to it.

The matching of a newly submitted Order against Orders already entered into the Trading System of HUPX occurs until the desired volume has been reached or no further matching is possible given the limit price of the newly submitted Order and order conditions attached to the Orders. The matching process is as follows:

- a) In case of selecting a single Order already being Firm in the system, the best is applied. Should there be more Orders at the Best Price, then matching occurs according to the time these Orders were entered into the Trading System, starting from the least recent to the most recent (first in first out principle).
- b) In case of dealing volume, the Best Price of the Orders already entered into the Trading System is applied. Should there be more Orders at the Best Price, then matching occurs according to the time these Orders were entered into the Trading System, starting from the least recent to the most recent (first in first out principle). If, after applying the abovementioned criteria, the volume is still not entirely matched, then the second Best Price will be applied, and so on.
- c) If matching of an Order, already entered into the Trading System, is not possible because of a condition attached to the Order, then such an Order will be ignored in the matching process.
- d) Hidden quantities are ignored in the matching process.

If an Order has been matched, then the remainder, if any, of that Order will retain the time priority originally assigned to it. If a newly submitted Order is not matched, the Order will remain in the Trading System, until withdrawn by the HUPX Member or matched by other Orders, subject to any conditions attached to the order.

After execution of a Trade, HUPX will submit the executed Trade to the Clearing House for Clearing and to the balance group schedule (by means of intraday schedule modification) to the Transmission System Operator for physical settlement.

Precondition of the validity of the Trade is the confirmation and registration by the Clearing House. In case the confirmation and registration is rejected by the Clearing House the Trade shall be deemed as not concluded and Trade shall be cancelled.

Article 2.19 *Trade recall rules*

HUPX regulates the possibility of the trade recall requests (mistrade rules) via Market Notices. In case of permission of trade recall HUPX is entitled to require an administration fee, announced in a separate Market Notice.

Article 2.20 *Order management in case of technical problems*

HUPX can decide to cancel a Trade ex officio when the trade is executed due to a technical error of the trading system and all of the following preconditions are met:

- the cancellation is technically and operationally possible;
- the Trade breaches the Market Rules;
- exceptional circumstances warrant it

Article 2.21 *Provision of Information*

For each Intraday Contract, the following information will be made available to the HUPX Members on a real time basis through the trading system of HUPX:

- the price and the quantity of all buy and sell Orders;
- the price and quantity of the last executed Trade and total quantity of the executed Trades per each Contracts;
- for each HUPX Member, an itemized list of its own recently executed Trades; and
- for each HUPX Member, the status of all its own orders and Orders.

For each Intraday Contract, HUPX Ltd. may make the following information available to the Public:

- the Best Bid and Best Ask in each listed contract;
- Last trade price of the executed Trades
- the volume and the volume weighted average prices of executed Trades;
- all other relevant information, the disclosure of which HUPX Ltd. deems necessary in order to enhance market transparency.

On the Intraday Market for each intraday product a standard notification can be sent out by HUPX to all HUPX ID Members through an appropriate IT solution available to all Members.

Title 3 Rules applicable to the OTC clearing facility

Article 3.1 *Cleared Products in the OTC clearing facility of HUPX*

HUPX Members trading on the Intraday Market respectively of HUPX are able to report their negotiated off-market trades to OTC clearing facility. The OTC clearing facility is only available for products (contracts) tradable on the Intraday Market respectively. The Clearing House to whom a trade is submitted for Clearing is determined in Article 1.5 of the Market Rules of HUPX. A certain trade can be subject of OTC clearing until the Contract with the same specifications is still tradable on HUPX that it complies with the contract specifications set out in Title 3 of Annex 2 of HUPX Market Rules specifications, and is not expired.

Article 3.2 *Trade Registration Process for the OTC clearing facility*

HUPX Ltd. can accept Trades in the Open (Continuous Trading) Session,

One of the counterparties must provide the following Trade details to HUPX:

- Buy or sell offer (bid/ask);
- Contract
- The price and volume of the Trade.
- The identifier of the counterparty

The Trade details are entered into the Trading System either by one of the counterparties, or through a HUPX operator, after which the other counterparty is asked for confirmation of the Trade details. Such confirmation must be given immediately, but at latest by the end of the trading session of the relevant Contract. After the Contract is expired OTC trade registration is not possible.

HUPX operator is only available to assist OTC trade registration within the business hours as defined in the relevant Market Notice.

Article 3.3 *Trade submission for Clearing to the Clearing House*

Upon receipt of the confirmation from the Seller and the Buyer, HUPX will validate the Trade details and submit the confirmed Trade for Clearing to the Clearing House.

If HUPX Ltd. discovers that Trade details as notified to HUPX are not correct, or if the Seller and/or Buyer fail to confirm the Trade to HUPX in time, then HUPX Ltd. will not accept the Trade and will not submit the Trade for Clearing to the Clearing House. HUPX Ltd. will notify the Parties of the Trade accordingly.

HUPX Ltd. will keep an OTC registered Trade private and confidential, but may publish a composite volume of OTC registered trades to the Market.

Title 4 General Services Conditions

Chapter 1 Market Activity

Article 4.1 Services providers and subcontractors

Each party accepts that the other may engage one or more service providers or subcontractors of its choosing to perform the provisions of the Rules and Regulations of HUPX. Both parties agree to exercise due care and attention when choosing and supervising such service providers and subcontractors, where applicable.

Under all circumstances, the party that engages a subcontractor or service provider shall remain liable for the performance of its obligations and as well as for the compliance with the Rules and Regulations of HUPX.

In consequence whereof, each party authorizes the other to divulge to its service providers or subcontractors, where strictly necessary, the information that such providers or subcontractors need to fulfill their obligations. However, the parties must ensure that their contractual relations with service providers or subcontractors are compatible with the Rules and Regulations of HUPX, in particular the clauses governing confidentiality and trade secrets.

Article 4.2 Audits

The HUPX Member agrees to submit itself to audits that are initiated by HUPX Ltd. (i.e. by the Market Surveillance Office) with the purpose of maintaining the security and integrity of the market or the orderly trading of the HUPX Member in order to ensure that:

- the HUPX Member complies with the Rules and Regulations of HUPX, and
- the technical access facilities to the services offered by HUPX Ltd. are properly used.

Audits may be performed at the facility where the HUPX Member is doing business on HUPX. The HUPX Member agrees to provide HUPX Ltd. with all necessary information. When an audit is to be performed on the HUPX Member's premises, HUPX Ltd. undertakes to give the HUPX Member prior notice if appropriate.

Following the audit, HUPX Ltd. may forward recommendations to the HUPX Member, who agrees to examine them. If the HUPX Member fails to fulfill one of its obligations under the Rules and Regulations of HUPX and if it fails to implement the modifications required by HUPX Ltd., then HUPX Ltd. may suspend or terminate the Membership Agreement, as provided in the Market Rules.

A HUPX Member that engages a service provider or a subcontractor hereby agrees:

- to introduce provisions into the agreements binding it to the service provider or subcontractor whereby HUPX Ltd. is authorized to audit the said provider or subcontractor,
- to introduce provisions into the aforementioned agreements, insofar as possible, whereby the service provider or subcontractor agrees to implement all modifications required by the HUPX Member further to audit-related recommendations from HUPX Ltd.

Chapter 2 Provision Relating To Technical Systems

Article 4.3 *Technical facilities for accessing services*

When implementing its Trading Systems, HUPX Ltd. does its best endeavors to ensure the continuity and availability of the services provided under the Rules and Regulations of HUPX.

HUPX agrees to provide the HUPX Member with functional assistance, as defined in the Rules and Regulations.

In the event of a malfunction in the trading system that could impact a HUPX Member, HUPX Ltd. shall make its best efforts to inform the concerned HUPX Member of the nature and probable duration of such malfunction. The alternative equipment and resources to be used by the HUPX Member in the event of a prolonged service interruption are described in the Market Rules.

The HUPX Member shall access HUPX Ltd.'s trading system solely through the electronic order-transmission and reception system specified by HUPX Ltd. and described in the Operational Rules.

The HUPX Member agrees to comply with the procedures for accessing HUPX systems. In particular, it shall not conceal its true identity or appropriate another's identity; nor shall it transmit information with a view to causing a system malfunction or overload.

Article 4.4 *Technical documentation*

At or before the signature of the Membership Agreement, HUPX Ltd. supplies on demand the HUPX Member with the technical and operational documents needed to operate the technical facilities for accessing its services.

The HUPX Member acknowledges that it has received all the information and advice needed to operate the technical access facilities, notably in the form of technical specifications contained in documents that HUPX Ltd. gives to the HUPX Member.

The HUPX Member also agrees to take into account any technical or operational documents that HUPX Ltd. may supply at a later date, and acknowledges that the aforementioned documents are flexible reference materials that may be amended by HUPX Ltd.

Article 4.5 *HUPX Member equipment*

The HUPX Member agrees to maintain a hardware and software environment that complies with the technical specifications defined in the reference materials referred to in the "Technical documentation" clause herein.

Accordingly, the HUPX Member shall ensure that the characteristics of its hardware and software environment will not disrupt or interfere with HUPX Ltd.'s systems.

In the event that the HUPX Member's use of services disrupts the operation of the trading systems of HUPX, HUPX Ltd. shall contact the HUPX Member in order to terminate such disruptions. If these disruptions cannot be terminated within a reasonable time period, or if they endanger the trading system of HUPX, then HUPX Ltd. reserves the right to suspend the HUPX Member's access to the market, without prejudice to the enforcement of the other provisions herein and to the damages that may be claimed in respect of such disruptions.

Under all circumstances, the HUPX Member agrees to take all necessary steps to comply with the technical specifications, as defined in the materials referred to in the "Technical documentation" clause.

Article 4.6 *HUPX Member's use of the systems*

The HUPX Member agrees to use the services offered by HUPX Ltd., the technical facilities for accessing those services, the associated hardware and software, the IT and telecommunications equipment, and transmission media:

- in compliance with applicable legal and regulatory provisions;
- in compliance with the technical specifications supplied by HUPX Ltd. in the documents referred to in the "Technical documentation" clause;
- in compliance with the Rules and Regulations of HUPX;
- solely in connection with the services offered by HUPX Ltd.; all other use, connection to other networks, and sharing of files or data with other networks or applications is expressly subject to prior authorization in writing from HUPX Ltd.;
- without making them available to third parties not authorized under the Rules and Regulations of HUPX; in this respect the HUPX Member shall not assign, sublease, modify, pledge, transfer or, in general, make them available to third parties in any form whatsoever.

The HUPX Member agrees to seek and abide by the legal, regulatory, administrative and contractual authorizations arising from the applicable domestic or foreign laws or international law pertaining to the use of the services offered by HUPX Ltd., and in particular to comply with the requirements of protection of confidential information as it is stipulated in the Data Protection Act of the Hungarian Parliament (Act No. LXIII. of year 1992), the provisions of the Hungarian Civil Code regarding the protection of confidential information or any equivalent provision.

Article 4.7 *Security measures*

HUPX Ltd. and the HUPX Member agree to respect the physical and logical security measures intended to protect the integrity of the other party's systems. Each party retains full control, either directly or indirectly, over the design and implementation of its policy of administering authorizations for logical access to the network. Furthermore, it assumes entire responsibility for drafting policies, rules, methods and procedures in this matter, and reserves the right to update these in order to maintain and improve the protection of its IT resources in compliance with the Market Rules and the technical documentation.

In particular, as regards to system access, each party will take personal responsibility for organizing any internal logical and physical security measures, including restriction of access to the site in which its equipment is located, in order to protect its access codes from unauthorized third parties.

Before sending any information over the transmission systems put in place to access HUPX, each party shall also ensure that measures are taken to avoid the propagation and dissemination of, in particular, computer viruses over the other party's systems and its own configuration.

Furthermore, the parties shall each put in place back-up procedures for instructions, data and files.

If a party observes that the systems have been penetrated by an unauthorized third party, it shall alert the other party in an effort to seek the cause of such penetration and to take appropriate solutions.

The HUPX Member authorizes HUPX Ltd. (or its duly commissioned sub-contractor) to record telephone conversations and accept that such recordings may constitute admissible evidence.

Article 4.8 *Other provisions concerning Internet use*

HUPX Ltd. and the HUPX Member each have a system for which they are responsible. However, all the information transmitted between those two systems is carried over the Internet.

As a consequence whereof, both parties:

- certify that they are cognizant of the Internet, its technical performance and, in particular, its response times and operating modes; they therefore hold one another harmless from the performances of the Internet,
- are responsible for their choice of IT service providers and, in particular, their respective Internet access providers; they therefore hold one another harmless for the consequences of the acts or defaults of such providers,
- acknowledge that the technical reliability of Internet-based data transmission is relative, since such data are carried on heterogeneous networks with varying technical characteristics and capacities; they therefore hold one another harmless from the absence of data transmission or from the degradation of data occurring between the time they are transmitted by the HUPX Member and the time they are received by HUPX Ltd.,
- acknowledge that each party is responsible for taking the appropriate measures to protect its own data, software and hardware from unauthorized third-party access and contamination by computer viruses, by means of logical and physical security measures, including firewalls, implemented according to accepted practice.

The HUPX Member shall be responsible for connecting to the trading system. Accordingly, the HUPX Member must obtain the administrative authorizations, take out the necessary subscriptions, and make the necessary connections or have them made.

Article 4.9 *Upgrades*

The HUPX Member must upgrade their services and technical access facilities to the trading systems as soon as such upgrades are made available.

HUPX Ltd. shall make these upgrades either with a view to improving the services provided to the HUPX Member or because of technical imperatives. HUPX Ltd. will make every effort to give the HUPX Member reasonable notice of such upgrades.

Article 4.10 *Intellectual Property and License*

HUPX Ltd. warrants that it has obtained all the licenses necessary for using the aforementioned trading and order transmission systems.

Each party shall retain ownership of the documents, data and information of any sort that is transmitted to the other party under this agreement and to which either party may have access.

The HUPX Member guarantees HUPX Ltd. that it holds the authorizations, property rights and license contracts for all the configurations, firmware and software needed for trading.

For cases where a software application used by the HUPX Member to access HUPX requires a license or an equivalent right, the provisions pertaining to such license or right are appended to the Rules and Regulations of HUPX or are provided by HUPX Ltd. to the HUPX Member and must be adhered to by the HUPX Member.

The HUPX Member undertakes to respect the intellectual property rights of HUPX Ltd. and of all third parties providing a system or software application needed to access HUPX. To this end, the HUPX Member shall take all reasonable measures as regards its staff and third parties to protect said rights and, in particular, shall refrain from altering references to property rights and copyright specified on the materials supplied by HUPX. The HUPX Member can neither remove nor modify references to copyright, trademarks, trade names or any other sign of intellectual property.

Chapter 3 **Use of Data**

Article 4.11 *Ownership*

HUPX Ltd. is the sole owner of the Market Data resulting from transactions on HUPX (including but not limited to the "HUPX DAM Index").

Especially, HUPX Ltd. is entitled to use the trading volumes generated by the HUPX Member for statistical purposes, inter alia. Such statistics may be made public. In this case, HUPX Ltd. agrees to ensure that members remain anonymous.

If the HUPX Member uses an external service provider in connection with its activities on HUPX, it undertakes to introduce the above provision into its contractual relations with the said service provider.

Article 4.12 *Dissemination of Market Data*

The HUPX Member shall use Market Data solely for the purpose of trading on HUPX and for its own requirements.

If the HUPX Member wishes to disseminate Market Data to third parties, it cannot do so without having signed a special contract with HUPX Ltd.

If a non HUPX Member third party intends to incorporate HUPX's Market Data in any manner into its products or services traded on its energy exchange or equivalent facility, it shall conclude a special contract with HUPX Ltd. on the use of the Market Data and shall pay the applicable charges set out in a Market Notice. This paragraph of Article 4.13 does not apply to OTC Trade registrations.

Article 4.13 **Information Providing and Commercial references**

Each party authorizes the other to quote its corporate name or trading name as a commercial reference.

HUPX Ltd. agrees not to disclose information about the HUPX Member's individual activity on the market nor to disseminate such information to a third party, with the exception of entities or other institutions directly involved in performing the duties and responsibilities arising from the Rules and Regulations (such as for instance, clearing institutions or supervisory authority) provided that such dissemination stems from the enforcement of the Rules and Regulations of HUPX.

Chapter 4 **Liability, Jurisdiction****Article 4.14** **Principle**

HUPX Ltd. and the HUPX Member are liable for direct economical damages incurred by the other party:

- in the event of negligence, willful default or fraud by either party where the damages originate from the non-performance of an obligation incumbent on the party under the Rules and Regulations and the Membership Agreement;
- in the other circumstances expressly provided for in the Rules and Regulations of HUPX;
- without prejudice to the provisions of this title.

Article 4.15 **Limitation of liability**

Barring the enforcement of a special provision provided for in the Rules and Regulations of HUPX, neither party shall seek to render the other liable for compensation for the harmful consequences of:

- force majeure, including strikes and civil unrest;
- malfunctions of a service used by the other party, attributable to circumstances beyond its control and arising in particular from the unavailability, failure or interruption of telecommunications networks or from constraints or limits imposed by telecommunications operators or other service providers;
- inaccuracy, partial or total unavailability or incompleteness of technical information or data originating from third parties;
- degradation of computerized data during transfer over the Internet or upon arrival at, or dispatch from, the computer hardware used to communicate between the HUPX Member and HUPX Ltd.

Article 4.16 **Liability of HUPX Member**

The HUPX Member is liable for improper use of the services offered by HUPX Ltd. under the Membership Agreement.

In particular, the HUPX Member shall be held liable in the event of:

- non-compliance with the provisions of the Rules and Regulations of HUPX and their Annexes;
- discredit to the image or reputation of HUPX Ltd., either directly or indirectly.

Article 4.17 *Liability of HUPX Ltd.*

HUPX Ltd. is subject to a best-efforts obligation. Should the liability of HUPX Ltd. be sought for negligence, such negligence shall be assessed in the light of the procedures implemented to deal with a technical or market-related incident or a system defect.

HUPX only accepts liability for damages resulting from the use of the HUPX trading systems if and in as far as this results from gross negligence or actions of intent committed by its organs or vicarious agent. Over and above this, HUPX shall only be liable for the careful operation of the system used for trading in accordance with the Rules and Regulations of HUPX.

HUPX Ltd. shall in no way be held liable for the harmful consequences of the following:

- impossibility or difficulty for the HUPX Member to access HUPX's trading systems owing to access hardware or equipment for which the HUPX Member or a third party is responsible,
- indirect damage, such as commercial damage, loss of business, commercial disruption of any kind, loss of earnings attributable inter alia to the absence of order communication or processing, it being understood that any legal proceedings taken against the HUPX Member by a third party constitute indirect damage, which does not therefore confer a right to compensation. The parties expressly agree that the HUPX Member guarantees HUPX Ltd. against any action or complaint and shall hold it harmless for any judgment against it, regardless of the basis and nature of such action or complaint.
- objection to a trade executed by the HUPX Member, where such objection is raised following the cancellation period.
- in the case of force majeure affecting delivery; such events include those considered as force majeure under the network access agreements and balance group agreements signed by Transmission System Operator.

Whatever the circumstances, should HUPX Ltd. incur liability, the parties expressly agree that the total compensation shall not exceed one hundred thousand euro (EUR 100,000) annually all events included.

Article 4.18 *Jurisdiction and Dispute Resolution*

All disputes arising out of or in connection with the validity, interpretation, performance, non-performance or termination of this General Market Rules shall be submitted to the Court of Arbitration attached to the Hungarian Chamber of Commerce and Industry, Budapest, which shall decide any such dispute in accordance with its own Rules of Proceedings The place of jurisdiction shall be Budapest, the language shall be English.

Chapter 5 Miscellaneous

Article 4.19 Representations and warranties

The HUPX Member acknowledges that it has taken note of:

- all the regulations pertaining to its business;
- the contractual documents;
- all other documents sent to it by HUPX Ltd.

The HUPX Member agrees to take note of and comply with all communications sent by HUPX Ltd. by whatever means.

The HUPX Member represents and warrants that it has the skills necessary to perform in accordance with the Rules and Regulations of HUPX. In particular, it acknowledges the volatile nature of the Contracts on HUPX and accepts the risks arising from the use thereof.

The HUPX Member agrees to pass on to HUPX Ltd. any document that could help HUPX Ltd. to identify an infringement of the Rules and Regulations of HUPX.

In case of conflict of construction between any heading to a provision and any provision itself, the heading shall be deemed non-existent.

If one or more provisions of this Membership Agreement are deemed to be invalid or ruled to be invalid in application of a legal regulation or following a final decision of a competent court, the other provisions hereof shall remain in full force and effect.

Article 4.20 Confidentiality

Each party agrees to respect the general principle of privileged communications, pursuant to applicable laws and regulations. In particular, each party agrees to respect trade secrets and to refrain from divulging to third parties, either free of charge or for consideration and in any form whatsoever, the information that it receives from the other party or that it obtains through performance of this agreement, concerning but not limited to the party's business, commercial policy, industrial strategy, management or organizational plans, computer applications and any medium bearing the word "confidential" and, in general, any information or document of a financial, economic, technical, IT-related, commercial or social nature, without the prior written authorization of the other party, designating the beneficiaries of such information and the tenor thereof.

Furthermore, both parties undertake not to divulge to third parties the concepts, ideas, know-how and techniques revealed by either party in the performance of this agreement.

However, each party is entitled to communicate:

- to the service providers or subcontractors of its choosing: the information received from the other party that is strictly necessary to the provisions of their services, subject to the provisions of the "Service providers and subcontractors" clause,
- to the competent authorities: the information that such authorities may request under applicable laws or regulations or the Rules and Regulations of HUPX.

The provisions of this article shall remain in force, including after termination of the Membership Agreement, for a period of five years.

Title 5 Price List

Article 5.1 *Entrance Fee, Annual Fees, Transaction Fees, Fees of Trading Systems and Other Expenses*

The HUPX Member shall be liable for payment to HUPX Ltd. of the below fixed and variable fees and expenses.

- Entrance Fee;
- Annual Fees;
- Transaction Fees;
- Fees of Trading Systems;
- Fees for Order Cancellation or Entry by HUPX Ltd.;
- Fines (if applicable);
- Other Expenses.

The amount of fees, expenses and fines shall be accessible in a corresponding Market Notice, and are published on the official website of HUPX Ltd. The methods for calculating and collecting said fees and expenses are set forth in the Operational Rules.

Amounts are expressed in euro.

HUPX Ltd. shall disclose the Market Notice on the valid price and fee list, discounts and their conditions based on the following price determination methodologies and processes. The Market Notice shall be valid from at least 10 calendar days after its date of issue.

Article 5.2 *Pricing of services related to market coupling*

HUPX Ltd. calculates and defines its fees and prices for its services being in connection with the performance of tasks specified in Article 7 of Commission Regulation (EU) 2015/1222 of 24 of July 2015 establishing a guideline on capacity allocation and congestion management (hereinafter: "CACM Regulation") for each calendar year by applying the rule of cost-based price determination according to the method specified in Article 2.30 under Chapter 7 of Title 2 of the Market Rules.

HUPX Ltd. shall inform the Regulator about the details of the exact calculation being the base of the annual price determination each year following the publication of the prevailing prices of the services being in connection with the process of market coupling.

Should the Regulator stipulate so, HUPX Ltd. will immediately modify its prices in line with the recommendation and observation of the Regulator.

Due to the circumstance that price definition under present Article is based on strict calculation and application of the predefined methodology as specified in Article 2.30. of the Market Rules without application of discretionary decisions or considerations in the calculation process, furthermore the exact details of the calculation will be introduced to the Regulator each year, the price definition under present Article is not subject to preliminary opinion of the Market Committee.

Article 5.3 **Pricing of services not being related to market coupling**

The valid price and fee list, discounts and their conditions for the services being out of the scope of the performance of tasks specified in Article 7 of the CACM Regulation can be revised by HUPX Ltd. which will notify the HUPX Members of the new schedule of charges by updating the Price List. Such notification shall be published in a Market Notice. Such Market Notice shall be issued after prior opinion of Organized-Market Committee. In case of quarterly payable fees the validity date of such modification is the beginning of the subsequent quarter year but at least 10 calendar days later than the date of issue. In any other cases the validity date is the beginning of the subsequent month but at least 10 calendar days later than the date of issue.

In case a regulation relevant to HUPX defines special conditions for a specific type of trades, HUPX when required may charge its services accordingly to the concerned Members without having to include this in the Price List.

Article 5.4 **Transaction fee**

The total payable amount of transaction fees is calculated as multiplication of

- traded volume or
- the volume allocated to the Implicit Participant

by the standard transaction fee for the invoicing period without taking into account the side taken when executing the transaction (i.e. buy/sell). Traded volumes in different portfolios and volumes allocated to the Implicit Participant for different borders cannot be netted.

HUPX is entitled to determine different discount types, which can be available for any HUPX Member, in case the HUPX Member meets the set of non-discriminative conditions defined. The applicable HUPX transaction fee discounts are accessible in a corresponding Market Notice, and are published on the official website of HUPX Ltd.

Article 5.5 **Payment of fees**

Entrance fees are payable in a single sum and due when HUPX Ltd. sends to the Applicant its approval letter for the HUPX Market. They are invoiced in fifteen (15) calendar days from the date of admission to HUPX Market.

Annual fees and system fees (also additional user, portfolio and read-only user fees) are payable quarterly and invoiced at the beginning of each calendar quarter. For partial quarters, the fees shall be calculated on a monthly basis; they are charged from the month following the admission and invoiced when the duration of the period is known. In case of termination, the entire last month is charged.

Trading fees related to HUPX Day-Ahead Market are assessed and invoiced per calendar month. In case of HUPX Intraday Market, trading fees are assessed and invoiced per calendar year.

Other additional service fees (e.g. trader's training and exam fees or fees for order cancellation or entry by HUPX Ltd.) are assessed and invoiced after the effective rendering of the services.

After the deadline for payment, HUPX Ltd. shall charge late-payment interest on the outstanding amounts at one and a half times the legal rate (legal rate is stipulated in section 301/A.§. of the Hungarian Civil Code).

Article 5.6 *Fees for Order entry, modification or cancellation by HUPX Ltd.*

HUPX Ltd. charges administrative fees for entering, modifying or cancelling an Order on HUPX markets at a Member's request.

These fees apply only to the party requesting the entering or cancellation. The fees mentioned in this article are assessed and invoiced after the effective rendering of the services.

Article 5.7 *Value Added Tax (VAT) on Fees*

The fees referred to in Articles 5.1 of this Annex relate to financial transactions. They shall be subject to the Value Added Tax (VAT) according to the fiscal location of the taker. The VAT handling is governed by applicable Tax Law.

Article 5.8 *Terms of Payment*

Invoices shall be sent per definition via e-mail (e-invoice). In accordance with the party's reference invoices may be issued per regular mail with regards the hardcopy. Invoices are payable on the payment due date indicated on the invoices. The payment due date is after fifteen (15) calendar days from the date of the invoice. Fees shall be collected either by HUPX or by ECC AG and remitted to HUPX Ltd. The corresponding decision shall be communicated in form of a Market Notice with validity date at least 5 trading days later than the date of issue.

Title 6 **Technical Access Rules for Day-Ahead Market**

Section 1 **Configuration, licenses and support**

Article 6.1 **Launching HUPX DAM Client**

Required Configuration of the Member's Equipment for HUPX DAM Client are published on HUPX website.

The HUPX DAM Client's install file and technical documentation are made available for download by HUPX on its website.

HUPX DAM Client is a "fat" Client which has to be installed on each user PC. HUPX Ltd. shall supply the Member with the user-id and access code needed to have access to the HUPX DAM Client Order transmission program.

A Member can have access to HUPX DAM Client from several computers, provided that the equipment configuration and network requirements are met.

HUPX Ltd. shall inform the Member of the availability of any update of HUPX DAM Client.

Article 6.2 **HUPX DAM Client User License**

The Member is granted a HUPX DAM Client User license and shall abide by its terms.

All intellectual property rights related to HUPX DAM Client are held by Soops Investment BV and are protected under applicable laws and international treaties. HUPX Ltd. and its suppliers retain all rights not expressly granted to Members.

HUPX DAM Client is reserved for the exclusive use of the Member and for the sole purpose of making trades on HUPX Day-Ahead Market under the terms of the Market Rules of HUPX. Only Members are authorized to download and use HUPX DAM Client. HUPX DAM Client can be accessed from another of the Member's computers under the terms of the user license.

The Member shall not modify, disassemble, decompile, or merge HUPX DAM Client or any copy thereof.

The Member shall not sublicense, assign, or transfer the user license.

The user license remains granted as long as the Trading Agreement remains in effect. The user license shall be cancelled if the Member does not abide by the terms and conditions thereof.

Article 6.3 **Operating and technical documentation**

The purpose of the technical documentation is to provide the explanations needed for using the HUPX DAM Client. It is subject to change and has no contractual value. The recommendations must be followed in order to ensure proper use of the Trading System.

Article 6.4 **Operating support**

To facilitate such communication and meet Member demands, HUPX Ltd. provides an operating support service that may be reached by telephone and by e-mail. The phone number, the e-mail address and the availability hours are communicated via a Market Notice.

Section 2 Communications

Article 6.5 Normal procedure

AUCTION TRADING DAY-AHEAD MARKET IN HUNGARIAN MARKET AREA		
	Order transmission	Result transmission
Schedule	Whichever comes first, 45 days before delivery, 24 hours a day, until 11:00 am the day before delivery day	As soon as auction is finished.
Sender	HUPX Members	HUPX Ltd.
Receiver	HUPX Ltd.	HUPX Members

	Quantities	Volumes
	Order Type	Individual executed volumes per portfolio
Primary system used	EPEX Trading System Platform	EPEX Trading System Platform
Secondary system used	e-mail	e-mail

Article 6.6 Fallback procedures

- Upon the occurrence of technical problems:
 - the Member(s) affected shall immediately notify HUPX Ltd. of problems entering, sending or receiving data from the trading system according to modalities specified in the corresponding Market Notice;
 - conversely, HUPX Ltd. shall notify its Members of any general disruption of its systems according to modalities specified in the corresponding Market Notice.
- If the auction system is not available:
 - If it decides to maintain the Auction, HUPX will trigger the fallback modalities as specified in the corresponding Market Notice.
 - Orders will then be entered into the Trading System, on behalf of the HUPX Members by HUPX Ltd. (or its sub-contractor) on a best effort basis considering the obligations to maintain a fair and orderly market and to execute the market coupling contracts. Such Orders shall be binding for the HUPX Members.
 - HUPX Ltd. shall not be liable for mistakes in such cases except if there are intentional or the result of gross negligence.
- HUPX Ltd. and/or its sub-contractor informs the members by email of one the following decisions:

- The postponing of the auction with a new order transmission schedule, more adapted to the new publication time, or
- The cancellation of the day's auction.
- In case of impossibility to run an auction:
 - No Orders will be executed;
 - Prices calculated based on relevant historical prices or any other fair and representative prices will be published instead of auction results.
- HUPX Ltd. shall specify the fallback modalities of submitting bids in the form of Market Notices after prior opinion of Organized-Market Committee with validity date at least 5 trading days later than the date of issue unless they are specified in this Article.

Title 7 Technical Access Rules for Intraday (ID) Market

Section 1 Configuration, licenses and support

Article 7.1 Launching HUPX ID Client

Required Configuration of the Member's Equipment for the HUPX ID Client is published on HUPX website.

The HUPX ID Client install file can be downloaded on the following URL:

www.hupx.hu

HUPX ID Client can be reached by using the webstart version or the standalone version. In case of using of standalone version the HUPX ID Client has to be installed on each user PC. HUPX Ltd. shall supply the HUPX Member with the user-id and access code needed to have access to the HUPX ID Client Order transmission programs.

A HUPX Member can have access to HUPX ID Client from several computers, provided that the equipment configuration and network requirements are met.

NOTE: By default, a user can only Login from one system at one time. They would need to ensure they have logged out before they can change workstations.

HUPX Ltd. shall inform HUPX Members of the availability of any update to the HUPX ID Client.

The technical documentation for and HUPX ID Client is available at the following address:

www.hupx.hu

Article 7.2 HUPX ID Client User License

The HUPX Member is granted a HUPX ID Client User license and shall abide by its terms.

HUPX ID Client is reserved for the exclusive use of the Member and for the sole purpose of making trades on HUPX Intraday Market under the terms of the Market Rules of HUPX. Only HUPX Members are authorized to download and use HUPX ID Client. HUPX ID Client can be accessed from another of the HUPX Member's computers under the terms of the user license.

The HUPX Member shall not modify, disassemble, decompile, or merge HUPX ID Client or any copy thereof.

The HUPX Member shall not sublicense, assign, or transfer the user license.

The user license remains granted as long as the HUPX Membership Agreement remains in effect. The user license shall be cancelled if the HUPX Member does not abide by the terms and conditions thereof.

Article 7.3 Operating and technical documentation

The purpose of the technical documentation is to provide the explanations needed for using the HUPX ID Client. It is subject to change and has no contractual value. The recommendations must be followed in order to ensure proper use of the Trading System.

Article 7.4 Operating support

To facilitate such communication and meet HUPX Member demands, HUPX Ltd. provides an operational and technical support service that may be reached by telephone and by e-mail. The phone number, e-mail address and the availability hours are communicated via a Market Notice.

ANNEX 3: HUPX CODE OF CONDUCT

Chapter 1 Preamble

- (1) Pursuant to the HUPX Market Rules, the following rules of conduct are applicable to HUPX Ltd. for itself and the HUPX Members.
- (2) This HUPX Code of Conduct is based on the fundamental principle of the need for the joint responsibility of HUPX Ltd. and its Members for a fair and transparent energy market.
- (3) These rules make an active contribution to the requirements of the developing internationalization of energy trading and aim at complying with the market's need for a uniform and internationally harmonized control system.
- (4) These rules are intended to strengthen the confidence which the market and the public have in the markets of HUPX, its pricing mechanisms and the reference character of the HUPX Market prices.

Chapter 2 Scope of Application

Section 1 Scope of Application

- (1) The HUPX Code of Conduct is applicable to the HUPX Ltd. company itself, all HUPX Members and Traders authorized to trade on HUPX. It shall be binding for all the parties involved.

Section 2 Legal Classification

- (1) The HUPX Code of Conduct is part of the Market Rules of HUPX.
- (2) The HUPX Code of Conduct does not release the HUPX Members from the obligation to comply with the other documents composing the HUPX Rules and Regulations, such as the Membership Agreement, the Market Rules (including its annexes) as well as any Notice or communication issued by HUPX Ltd. in compliance with the HUPX Market Rules.

Chapter 3 Definitions

- (1) For the purposes of this Code of Conduct the following definitions shall apply:
- (2) 'Inside Information' means information of a precise nature which has not been made public, which relates, directly or indirectly, to one or more Physical Power Contracts and which, if it were made public, would be likely to significantly affect the prices of those Physical Power Contract.
- (3) Market Manipulation means:
 - a. entering into any transaction or issuing any order to trade which:
 - (i) gives, or is likely to give, false or misleading signals as to the supply of, demand for, or price of Physical Power Contracts;
 - (ii) secures or attempts to secure, by a person, or persons acting in collaboration, the price of one or several Physical Power Contracts at an artificial level, unless

- the person who entered into the Transaction or issued the order to trade establishes that his reasons for doing so are legitimate and that that transaction or order to trade conforms to accepted market practices on HUPX markets; or
- (iii) employs or attempts to employ a fictitious device or any other form of deception or contrivance which gives, or is likely to give, false or misleading signals regarding the supply of, demand for, or price of Physical Power Contracts;
- or
- b. disseminating information through the media, including the internet, or by any other means, which gives, or is likely to give, false or misleading signals as to the supply of, demand for, or price of Physical Power Contracts, including the dissemination of rumors and false or misleading news, where the disseminating person knew, or ought to have known that the information was false or misleading.

Chapter 4 Rules of Conduct for Trading on HUPX

Section 1 Prohibition of Market Manipulation

Article 4.1 Principles

- (1) Any engagement in or Attempt to engage in Market Manipulation on a Physical Power Contract is prohibited.
- (2) This prohibition includes, without limitation:
- Any kind of false or misleading behavior;
 - Any kind of collusions or the collusive cooperation of HUPX Members among each other or with third parties;
 - Any kind of Price positioning behavior.
- (3) The HUPX Members commit to fairness towards HUPX Ltd. and the other HUPX Members. They shall only conclude Trades on HUPX markets in compliance with the customary trade practices and the principles of professional market traders.
- (4) All orders submitted on HUPX must have a due economic justification. HUPX Ltd. is entitled to look for such justification by requesting explanations to the beneficiary of such orders.

Article 4.2 Prohibition of false and misleading behaviors

- (5) HUPX Members are especially forbidden to:
- Entering of orders without a due economic justification.
 - Place orders with no intention of executing them.
 - Give false or misleading signals as to the supply of, demand for, or price of Physical Power Contracts;
 - Employing a fictitious device or any other form of deception or contrivance which gives, or is likely to give, false or misleading signals regarding the supply of, demand for, or price of wholesale energy Physical Power Contracts;

- e. Disseminate false or misleading market information through media, including the internet or by any other means.

Article 4.3 Prohibition of collusion or collusive cooperation

- (6) HUPX Members are especially forbidden to:
- a. Submit buy or sell orders at the same time (or nearly the same time) for the same price and quantity (i.e. pre-arranged trades).
 - b. Enter into arrangements for the sale or purchase of a wholesale energy Physical Power Contract where there is either no change in beneficial interests or market risk or enter into arrangement where the transfer of beneficial interest or market risk is only between parties who are acting in concert or collusion.

Article 4.4 Prohibition of price positioning behaviors

- (7) HUPX Members are especially forbidden to:
- a. securing the price of one or several Physical Power Contracts at an artificial level, unless the person who entered into the transaction or issued the order to trade establishes that his reasons for doing so are legitimate and that that transaction or order to trade conforms to accepted market practices on the wholesale energy market concerned;
 - b. artificially cause prices to be at a level not justified by market forces of supply and demand, including actual availability of production, or transportation capacity, and demand
- (8) The execution of self-trades with no real economic justification and/or with the purpose of influencing settlement prices.

Article 4.5 Alternative procedures

- (9) If alternative procedures are established to determine indexes, all participants in these procedures in which the fair market value is established shall convey their assessment free from any self-interest and to the best of their knowledge and belief.

Section 2 Transparency Requirements

Article 4.6 Prohibition of Insider Trading

- (10) HUPX Members or their Traders who possess inside information in relation to a Physical Power Contract shall be prohibited from:
- a. using that information by acquiring or disposing of, or by trying to acquire or dispose of, for their own account or for the account of a third party, either directly or indirectly, Physical Power Contracts traded on HUPX to which that information relates;
 - b. disclosing that information to any other person unless such disclosure is made in the normal course of the exercise of their employment, profession or duties;
 - c. recommending or inducing another person, on the basis of inside information, to acquire or dispose of Physical Power Contracts traded on HUPX to which that information relates.

Article 4.7 Transparency Commitment

(11) The HUPX Members support HUPX in further developing the transparency of the activities on the HUPX markets.

Article 4.8 Qualification of the Traders

The HUPX Member shall ensure that their Traders are sufficiently qualified and enjoined to comply with the Rules and Regulation of HUPX, including this HUPX Code of Conduct.

Chapter 5 The HUPX Member's Conduct towards its Clients

Article 5.1 Principle and Scope of Application

(1) The provisions of this section apply to the HUPX Member and traders who carry out their clients' orders directly or indirectly on HUPX.

(2) The HUPX Members are obliged to treat their clients with the required professionalism and fairness and to resolve conflicts with client's interests adequately.

Article 5.3 General Rules of Conduct

(1) HUPX Member shall, in particular, be obliged

- ➔ to provide their services in connection with trading on HUPX with the required expert knowledge, care and conscientiousness in the interest of their clients at all times,
- ➔ to endeavor to avoid conflicts of interests and to clearly explain the general type and origin of conflicts of interest to the clients prior to the execution of Orders for clients.

(2) All the information which HUPX Member make accessible to their clients has to be honest, unmistakable and such information must not be misleading.

(3) Generally, any introduction of client orders should serve the interest of the client and should have the same result as if the individual order would have been directly submitted to the HUPX Market for execution.

Article 5.4 Processing of Orders

Upon the execution of client orders an HUPX Member shall take precautions safeguarding that

- ➔ client orders are executed on the HUPX Market forthwith, in particular, without favor for other client orders or own interests of the HUPX Members,
- ➔ comparable client orders are executed or forwarded in accordance with the sequence, in which they were received,
- ➔ the interests of all the clients involved are preserved in combining client orders,
- ➔ any misuse of information in connection with client orders which have not yet been carried out is prevented.

Chapter 6 Instructions, Information and Penalties

Article 6.1 Instructions

(1) The HUPX Member and Traders authorized to trade on HUPX are obliged to comply with the instructions and rules by the relevant supervisory authorities as well as HUPX Ltd. itself and in particular the HUPX market surveillance office.

(2) In as far as HUPX Member or Traders authorized to trade on the HUPX Market violate existing provisions or fail to comply with instructions they can be temporarily suspended from trading on HUPX Market by HUPX Ltd. in accordance with the more detail provisions contained in the Market Rules or they can be banned from dealing with client's orders.

Article 6.2 Information Rights

(1) The relevant supervisory authorities and the HUPX market surveillance office are entitled to request information and the submission of documents from any HUPX Member and to carry out inspections in as far as this is required for the performance of their tasks.

(2) The relevant supervisory authorities and the HUPX market surveillance office can request information from everyone, they can also request the submission of documents and the surrender of copies, summon and interview persons in case there are indications substantiating the assumption that provisions or instructions under laws applicable to trading on the HUPX Market are violated or that there are other grievances which might affect the proper execution of trading on the HUPX Market or the settlement of Trades traded on HUPX or the establishment of indexes.

Article 6.3 Penalties

(1) In case HUPX Member and Traders authorized to trade on the HUPX Market violate existing rules, fail to comply with instructions by HUPX Ltd. or the request for information by the market surveillance office or the relevant supervisory authority, they can be excluded from trading on the HUPX Market by HUPX Ltd. in accordance with the more detailed provisions in the Market Rules or they can be banned from dealing with client's orders.

(2) This provision does not exclude penalties on account of other provisions. In as far as there are possibilities for further penalties for HUPX Ltd. on account of other provisions, such shall not be restricted by this provision.

ANNEX 4: DEFINITIONS

Algorithm	The matching algorithm that is used for the calculation of settlement prices on the day-ahead market.
Applicant	Legal entity having submitted a Membership application to HUPX Ltd.

ANNEX 5: MEMBERSHIP AGREEMENT TEMPLATE

HUPX

Membership Agreement

concluded between the undersigned:

HUPX Ltd., a private company limited by shares, incorporated under the Hungarian Law with registered office located at _____, Hungary and registered under the Company Registration number 01-10-045666 represented by _____, in his capacity as Chief Executive Officer,

hereafter "**HUPX Ltd.**",

and

_____, having its registered office at _____, registered on _____ Companies Register under the number _____, represented by _____, in his capacity as _____,

hereafter "**the HUPX Member**",

hereafter together referred to as "the Parties".

Article 1 Purpose

The purpose of this Membership Agreement is to define:

- the types of contracts that the HUPX Member is authorized to trade;
- the terms on which the HUPX Member will carry on its trading business and the resulting relations with HUPX Ltd.

Article 2 Contents of this Agreement - Obligation of the HUPX Member

The Membership Agreement is part of the Rules and Regulations of HUPX, which consist of:

- this Membership Agreement,
- Market Rules (including its annexes),
- the Market Notices and other resolutions, decisions made by HUPX Ltd. on the base of the regulations of the Market Rules.

In the event of any contradiction between this document and the Market Rules, the Market Rules shall prevail over the Membership Agreement.

By signing this Membership Agreement, the HUPX Member agrees to comply with the Rules and Regulations of HUPX in all respects and to fulfill all of the duties and obligations of the Rules and Regulations of HUPX which may be applicable.

Article 3 Authorizations

Subject to the provision of all essential supporting documents for its admission and membership on HUPX, the Member is authorized to access trading for the markets which it has chosen in the Appendix to this Membership Agreement.

The HUPX Member can modify its choice of markets after notifying HUPX Ltd. by letter.

Article 4 Amendments

HUPX Ltd. reserves the right to modify the provisions of the Market Rules in its sole and absolute discretion subject only to prior written notice given to the HUPX Member under the conditions set forth in the Market Rules.

Article 5 Effective Date and Term

This Membership Agreement enters into force by signing of both Parties. The entry into force of this Membership Agreement is contingent upon the fulfillment of the conditions contained in the Rules and Regulations of HUPX. The first Trading Day shall be agreed by the Parties.

This Membership Agreement has been entered into for an indefinite period of time from its effective date. The Market Rules shall be applied also for suspension of Membership and the Termination of the Membership Agreement.

Article 6 Miscellaneous

The Parties reciprocally agree that the fact that one party tolerates a situation does not afford the other party vested rights. Furthermore, such tolerance cannot be construed as a waiver of the rights in question.

All expressions have the same meaning as defined in the Market Rules.

This Membership Agreement constitutes the entire agreement between the parties. It supersedes all prior oral or written agreements with respect to its subject matter.

Article 7 Governing Law

This Membership Agreement is governed by the Hungarian law.

Two English-language originals of this Membership Agreement have been signed by the Parties.

In the event of any conflict between the English version and any translation into a foreign language, the English version shall prevail.

Signed in TWO originals.
